Who Is An Infinite Mind?
We are a 501(c)3 international grass-roots non-profit organization that provides direct education, advocacy, and support services to people living with dissociative disorders. We additionally offer support and resources to loved ones, community supporters, educational entities, mental health clinicians, and other general healthcare providers.

An Infinite Mind strives to increase accurate portrayals of people living with dissociative disorders and provide them with access to avenues of resilience. We seek to increase community support and decrease stigma for the well-being of the community.

We are informed by clinicians, peer-reviewed research, and community-based evidence from individuals living with this disorder as well as those that support their wellbeing and quality of life.
