PRIVATE FINANCIAL AID

PRIVATE SCHOLARSHIPS: There are many private scholarships available for students to help pay for college. Some are merit-based. Others are geared toward particular groups of people, such as military families (see [https://studentaid.gov/understand-aid/types/military](https://studentaid.gov/understand-aid/types/military)).

- Organizations (including professional associations) related to your field of interest;

- Your employer or your parents’ employers.

A scholarship will affect your other student aid because all your student aid added together can’t be more than the cost of attendance at your school.
