## **ARTICLE 27: GRIEVANCE PROCEDURE**

- 27:01 Notwithstanding any provision contained in this Collective Agreement, any employee who feels that he/she has been unjustly dismissed, unjustly laid off, unjustly suspended or unjustly dealt with in violation of this Collective Agreement must inform the Employer and the Union in writing within 5 working days of the violation and the matter will be dealt with from then on as a grievance.
- 27:02 Should a dispute arise between an Employer and the Union relating to the interpretation, application or administration of this Collective Agreement, including any question as to whether a matter is arbitrable or where any allegation is made that this Collective

Agreement has been violated or should any local trouble of any kind arise, there shall be no suspension of work on account of such dispute, but an earnest effort shall be made by both parties hereto to settle without delay any such dispute in respect of which the following grievance procedure is set up:

- First: The employee concerned may either alone or accompanied by a Steward of his/her department take the matter directly to the Working Foreman.
- Second: If a settlement is not reached within a reasonable time the Steward may either alone or accompanied by the employee take the matter to the Department Manager.
- Third: If a settlement is not reached with the Department Manager within a reasonable time, the matter may be discussed between the Steward, accompanied if so desired by a representative of the Union and the Employer.
- Fourth: If a settlement is not reached with the Employer, all grievances, except those set out in Article 27:03 must be referred to the Industry Committee who will render a decision within 10 working days. This procedure must be done prior to advancing to the Ontario Labour Relations Board. Either party to a grievance reserves the right to exercise Article 28:01.
- Industry Committee: This is a committee of four, comprised of two O.R.A.C. appointees and two Local 787 appointees. Their purpose is to provide an industry perspective to a grievance with the intent of reasonable settlement without going to the Ontario Labour Relations Board.

27:03 Grievances regarding delinquency of wages, fringes, pension and welfare will be referred to the Ontario Labour Relations Board through Section 133 of the Labour Relations Act, 1995.

## **ARTICLE 28: ARBITRATION**

28:01 Both parties to this Collective Agreement agree that a grievance concerning the interpretation, application, administration or alleged violation of this Collective Agreement and including any question as to whether the matter is arbitrable which has been properly carried through all the steps of the Grievance Procedure outlined in Article 27 and which has not been settled will be referred to a Board of Arbitration at the written request of either of the parties hereto.

28:02 The Board of Arbitration shall consist of a single Arbitrator who shall be selected by mutual agreement between the Employer and/or O.R.A.C. and the Union within fourteen (14) calendar days from the receipt of the notice of intent to arbitrate. In the event of failure to agree, the parties shall submit a joint request to the Ministry of Labour of the Province of Ontario to appoint an Arbitrator.

28:03 The decision of the Arbitrator will be final and binding on both parties.

28:04 The Arbitrator shall not have any power to alter or change any of the provisions of this Collective Agreement or to substitute any new provisions for any existing provisions, nor to give any decision inconsistent with the terms and provisions of this Collective Agreement.

28:05 The expense of the Arbitrator shall be borne equally by the parties.

## **ARTICLE 29: JURISDICTIONAL DISPUTE**

Jurisdictional disputes with other trades which cannot be resolved at a Local level will be referred to the National Joint Board.

### **ARTICLE 30: STRIKE OR LOCK-OUT**

30:01 There shall be no strike or lock-out during the term of this Collective Agreement. Neither the Union nor any of the employees covered by this Collective Agreement will collectively, concertedly or individually induce, engage or participate, directly or indirectly, in any strike, picketing, slowdown, stoppage or other curtailment or interference with the Employer's operation, or interference with the flow of materials or persons in or out of places where the Employer is doing business. The Union agrees to exert every effort through its Local Officers and Representatives to end any unauthorized interruptions of work.

The Employer will not lock-out any of the employees covered by this Collective Agreement. The parties agree that, in the manner set forth in Articles 27 and 28, they will submit to arbitration all grievances and disputes that may arise between them and any misunderstanding as to the meaning or intent of all or any part of this Collective Agreement, provided however, the Employer shall not be required to resort to the grievance and arbitration procedures prior to resorting to other remedies in the event of violation of this Article.

### **ARTICLE 31: DURATION OF COLLECTIVE AGREEMENT**

31:01 This Collective Agreement shall remain in force until April 30<sup>th</sup>, 2022 and shall remain in force from year to year thereafter unless either party to this Collective Agreement gives notice in writing to the other party within a period which shall not be more than 120 days or less than 90 days prior to the expiration of each term, of its intention to terminate this Collective Agreement or seek amendments to same.

31:02 It is agreed that every effort will be made, by both parties to this Collective Agreement, to conclude negotiations for a new Collective Agreement before this Collective Agreement expires. Should a new Collective Agreement not be forthcoming prior to the termination

date, work will continue and employees shall be entitled to retroactive pay for up to 30 calendar days.

- 31:03 In respect to this Collective Agreement, the signatory parties agree that at least once a year no later than ninety (90) days prior to the Anniversary Date the Union and O.R.A.C. will convene a meeting for the purpose of appraising the effectiveness of this Collective Agreement. The parties (2 members from each) to this agreement will meet on a quarterly basis to discuss Industry concerns i.e. manpower, competitive pressures and any other issues that may be of concern to the industry.

If any Article or provision of this Collective Agreement shall be declared ineffective or undesirable, by mutual consent, the Union and O.R.A.C. will suspend, substitute, delete or amend any such Article or provision of this Collective Agreement to maintain the effectiveness and intent of this Collective Agreement.

The parties (2 members from each) to this agreement will meet on a quarterly basis to discuss Industry concerns i.e. manpower, competitive pressures and any other issues that may be of concern to the industry.

## **ARTICLE 32: SAVINGS CLAUSE**

- 32:01 This Collective Agreement will be no less favourable to O.R.A.C. Employers per Appendix “D” than any other Collective Agreement signed by Local 787 with any other Employer or Association.
- 32:02 If any Article or provision of this Collective Agreement shall be declared invalid, inoperative or unenforceable by any competent authority of the executive, legislative, judicial or administrative branch of the Federal or any Provincial Government, the Employer and the Union shall suspend the operation of such Article or provision during the period of its invalidity and shall substitute, by mutual consent, in its place an article or provision which will meet the objections to its invalidity, and which will be in accord with the intent and purpose of the Article or provision in question.

## REMINDERS

The welfare of our craft depends on the collective efforts of the individual members. Set an example by attending your Union meetings and help willingly when called upon.

---

Support the officers you elect, and co-operate by never doing anything that will lose respect for your Union.

---

Be fair in your demands.

---

The conservation of time and materials is as much in your interest as the Employer's.

---

Make sure your dues are paid up to date so that you will have the advantage of all the benefits available.

---

Do not take an unfair advantage of other members by requesting special privileges.

---

Help the apprentice by teaching him or her to become a skilled tradesperson and show them the Union is interested in helping them succeed.

---

Don't make side deals. Stay strictly within the Collective Agreement. let your officers know when violations occur.

---

Remember, the officers of U.A. Local 787 were elected by you, as a member of the Union and you should do everything in your power to discourage their being condemned unjustly by other tradespeople. Any criticism or complaints or suggested improvements should be kept within the Union and referred to the Executive Board.

---

We cannot expect co-operation from the Employer unless we ourselves co-operate by accepting responsibilities.

---

Practice consideration and respect for each other.
