

# Sponsorship Opportunities

We invite you to connect with our passionate community.  
Support interdisciplinary, ecology-based landscape practice & gardening.

## Yearly Sponsor - \$25,000

Promote your brand to NDAL's audience all year across all NDAL programming (Symposium purchased separately); thus creating a consistent, direct connection with those who may become your company's new customers.

## Symposium Sponsor - \$10,000 / \$6,000 / \$3,500

Our two-day Annual Design Symposium, *Landscape, Ecology, & Culture*, has a consistent and passionate audience of ecologically-minded landscape professionals. This event is mainly geared toward practitioners in the Mid-Atlantic and New England regions and draws 500+ attendees (and counting!).

## Individual Program Sponsor - \$400-\$800

Choose one program from our diverse events list to promote your organization. Whether you're hoping to reach a target audience of landscape designers, landscape contractors, garden enthusiasts, or environmental educators (among others!), you'll likely find a program that will fit your needs. Sponsor four or more individual programs of your choosing for the reduced Multi-Program Rate.  
(Does not include Annual Symposium or 7-Part Intensive Course)

## Intensive Course Sponsor - \$7,000

Reach landscape professionals including landscape designers, landscape architects, horticulturists, and restoration ecologists by sponsoring our 7-part Intensive Virtual Course. Sessions are held weekly over the course of two months - February through March or July through August.

*Please note: NDAL is not a 501c3 tax-exempt nonprofit, and therefore sponsorships offer no tax-deductibility benefits and are exclusively an exchange for goods & services.*
