Hello, Neighbor!

You may know you live or own property within a local historic district, but did you know many exterior changes within local historic districts require a Certificate of Appropriateness (COA)?

**PROJECTS**

COAs are required for
- Exterior alterations
- Window & door replacements
- Fences, sheds, & outbuildings
- New construction & additions
- Demolitions & more

**PROCESS**

Contact our Preservation Planners to check if your project requires a COA. They can inform you of the COA process before you apply for any building permits.

**CONTACT**

It's hard enough to start a project. Let's make sure that you don't have to stop.

Contact our Preservation Planners to check if your project requires a COA.
