OUR HISTORY. OUR FUTURE.

Advancing Our AAPI Communities With Increased Leadership & Civic Engagement 2022
"In my experience, interning with APAPA has been a one-of-a-kind environment of teamwork, civic engagement, and personal & professional development. With the support of other like-minded and motivated students and valuable mentorship, I was able to foster my own leadership skills and take more of an active role in my community and my career in ways I've never thought of before."

-Subaita Rahman, University of California, Berkeley

"APAPA has given me invaluable professional experience through hands-on project management, in-depth exposure to grassroots organizing, and business development workshops. Seeing our work with Unity Against Hate come to fruition and be so well received by the community was incredibly rewarding."

-Elise Kiya, University of California, Davis

"Being a API NEXT intern strengthened my ability to work in a team. In group projects, I was able to take a leading role while still sharing work equally with others. Learning to balance the roles of leader and team member was one of my most valuable takeaways from the program."

-Audra Friend, NYU

"I got to work on several projects including designing infographics, gathering research to make databases, compiling reports, and reaching out to elected officials. I was able to attend professional workshops, which were very useful and got me thinking about my future and my career. Most importantly, I was surrounded by a bunch of amazing, driven individuals with positive attitudes who wanted to change the world for the better."

-Caterina Lungu, Georgetown

Beginning in 2021, APAPA mobilized a nationwide “Unity Against Hate” movement in response to the alarming rise in hate crimes against AAPIs taking place across the country. We organized a collaboration of over 180 diverse organizations nationwide.

To date, we’ve held 20 rallies across the country, procured over 190 letters of support from elected officials, helped pass city resolutions condemning Anti-Asian hate, and sent 1200 Unity Against Hate PSAs to API student groups.
OUR GROWTH

2000+ VOTERS REGISTERED EACH YEAR

41 APAPA CHAPTERS NATIONWIDE

12X INCREASE IN SOCIAL MEDIA REACH OVER THE PAST YEAR

6X INCREASE IN WEBSITE TRAFFIC SINCE 1/2022

236+ DIVERSE COMMUNITY PARTNERS

250+ STUDENT INTERNS PER YEAR
APAPA’s National Internship Program was established in 2004. This program places college students at local, state, and federal legislatures throughout the country for the summer at locations where we have APAPA chapters. In 2021, we expanded our programs to include Fall, Winter and Spring program options as well with our Winter Internship Program being 100% virtual. We serve 250+ students per year.

APAPA teaches leadership by having our interns actively engage in leadership. APAPA Interns have played key roles in voter registration campaigns, Unity Against Hate rallies, and our K-12 AAPI History Initiative.

APAPA’s internship program includes professional development and leadership development workshops, case competitions and research projects in support of the AAPI community.
The Asian Pacific Islander American Public Affairs Association - APAPA - has mobilized nationwide to get K-12 Asian American & Pacific Islander history legislation introduced and passed in state legislatures across the country. We believe this is vital to eradicating Asian Hate at its roots and empowering the AAPI community.

As part of that effort, we helped write and sponsor SB 1363 in California. Senator Jim Nielsen, who helped start APAPA over 20 years ago and who has been an unwavering ally, introduced the bill and helped garner bipartisan support for this bill. We have received tremendous grassroots support on this bill with over 65 organizations signing on as supporters. Over 2,300 letters have already been sent to legislators in support of this bill...and that number keeps growing.

The map below shows we are gaining the same level of momentum in other states as well. The more letters that are sent to legislators via the advocacy tool on our website at www.apapa.org/k12 the darker the blue color becomes.
“I am honored to support this important bill to encourage K-12 public schools in California to include AAPI history in the academic curriculum. We value our rich and diverse history from all backgrounds and cultures. Thank you APAPA for your leadership as the sponsor of the bill!”
