CALL FOR PAPERS!

**HERMANN HESSE IN THE MIRROR OF TWO GENERATIONS –
THE NEXT GENERATION IN DIALOGUE WITH ESTABLISHED RESEARCHERS**

- ☆ Symposium
- 📅 Saturday, 19 October 2024
- 🕒 10.30 am-5.30 pm
- 📍 Museo Hermann Hesse Montagnola

The team of the Museo Hermann Hesse Montagnola is currently planning a **symposium on Hermann Hesse on October 19, which aims to bring two generations together in literature**: The baby-boomer generation (born between 1946 and 1964) grew up with Hesse's most important works in analogue times, while Generation Z (born between 1994 and 2010) grew up in an era in which digital resources were everywhere and at the same time globalization also influenced the book market.

This Call for Papers is aimed at young scientists (<30). Topic of the symposium: What makes Hermann Hesse your contemporary counterpart? Submissions for short lectures, lectures and/or workshops in German, Italian or English can be sent by e-mail to info@hessemontagnola.ch. **We are looking forward to many suggestions!**
