Phantom's retractable screens provide solutions for

**INSECT  
PROTECTION**

**FRESH AIR  
VENTILATION**

**SOLAR  
SHADING**

**UV  
PROTECTION**

**CLIMATE  
CONTROL**

**PRIVACY**

---

for **DOORS**

There's nothing like being able to leave your door wide open to enjoy the breeze, especially towards the end of a hot summer day. Phantom's retractable door screens are insect screens which disappear out of sight into a discreet housing, giving you fresh air without the bugs - and won't spoil the look of your home. They come in a wide variety of colors, sizes and mesh types, perfectly matching with your décor.

## Phantom Door Screen

*Retractable door screen  
for all door types*

### FEATURES & BENEFITS

- Keeps the bugs out
- Easy in and out access
- Protection from the sun & UV rays
- Retracts horizontally
- Built-in lubricant
- Glides smoothly along tracks
- Easy operation with secure closure
- Thumb or magnet latch closure system
- Various mesh options
- Wood grain & custom color options

# Applications

Phantom's door screens are custom made, professionally installed and designed to fit a variety of doorways.

**Single out-swing/in-swing doors**

**Double-French doors**

**Sliding patio doors**

**Oversized doors**

## **OTHER AVAILABLE PRODUCT FOR DOORWAYS**

For openings larger than 10 feet wide,  
or for added security using fully  
retained mesh, see our  
**Phantom Manual Wall Screens.**

# Customization

## COLOR OPTIONS Standard Colors

Choose from one of ten standard colors or decorative wood grain finishes.

## Wood Grain

## Custom Color

Phantom Screens also offers a custom color matching program to blend our screens with any color scheme.

\* Please note that the appearance of the colors illustrated will differ from the actual coated samples or finished articles.

## MESH & FABRIC OPTIONS

All mesh and fabric options seal out insects, reduce heat and glare, as well as prevent fading of furnishing.

**INSECT**  
Reduces up to 55% of UV rays

**SOLAR**  
Reduces up to 95% of UV rays

---

## LATCHING OPTIONS

One of the great things about choosing a door screen from Phantom is that you have two closure options when it comes to securing your screen. You can choose either a latching handle or magnet closure.

### Thumb Latch System

An integrated quick release latch in the handle makes the screen easy to use and secure from unintended openings.

### Magnet Latch System

The standard latching system that allows for easy release and breakaway upon impact to protect the mesh.

---

## INSTALLATION OPTIONS

In-jamb mount  
Surface mount

## *Specifications*

Phantom's door screens are custom made and professionally installed for all door types. Maximum height and width are detailed in the chart below.

	<b>WIDTH</b>	<b>HEIGHT</b>

# for **OUTDOOR SPACES**

Imagine being able to move seamlessly between indoor and outdoor spaces – without the intense glare of the sun or pesky bugs. You can, thanks to Phantom's retractable screens for outdoor spaces. Motorized wall screens appear at the touch of a button and disappear when you don't need them. Perfect for patios, porches, lanais, decks or outdoor kitchens, these custom made and professionally installed screens give you fresh air, shade from the sun, climate control, protection from insects or a bit of privacy.

## Phantom Motorized Wall Screen

*Motorized retractable wall screen  
for outdoor spaces*

### FEATURES & BENEFITS

- Keeps the bugs out
- Allows fresh air ventilation
- Expands your living space
- Maintains your view to the outdoors
- Lowers air conditioning costs
- Provides climate control
- Motorized screen - retracts vertically
- Optional sun and wind sensors
- In-wall or hand-held remote controls
- Various mesh, fabric & vinyl options
- Wood grain & custom color options

# Applications

Phantom's motorized wall screens are custom made and professionally installed to fit a wide variety of outdoor spaces.

## ADDITIONAL APPLICATIONS

Large picture windows

Verandas/Lanais

Outdoor kitchens

Lift and slide door systems

Loggias

Reduces up to 100% of UV rays

**CLIMATE**  
Reduces up to 100% of UV rays

## VINYL OPTIONS

Clear vinyl enables you to control the temperature in your outdoor living space. Available in four perimeter colors.

---

## ARCHITECTURAL INTEGRATION

Customized to each building project, Phantom's motorized wall screens merge perfectly with the décor to maintain the integrity of your design. These retractable screens can be recessed from view or mounted on existing structures. Motorized wall screens can be integrated into every type of architectural style including wood, brick, stucco, natural stone and concrete.

---

### Recessed in Roman archways

### Natural stone and wood

---

### Recessed in columns

### Stucco, brick and concrete

---

Dual roller application combines clear vinyl units with standard insect or solar mesh units for maximum comfort.

# Controls and Automation

Phantom Screens has partnered with Somfy® to provide a wide range of remote controls and sensors for Phantom's motorized wall screens.

Some of Phantom's motorized wall screens come with Somfy's Maestria™ 50 RTS motor. This offers smart functions such as obstacle detection and automatic adjustment which protect carrier products, prevent fabric damage and assure perfect tension.

In addition, Phantom's motorized wall screens can be integrated into most home automation systems including Lutron®, Crestron® and smartphone devices.

## Hand-held Remotes

All Somfy's Telis hand-held remotes feature Radio Technology Somfy® (RTS) providing push button control. The Telis RTS collection is available in single or multiple channel versions. Each channel can be used to operate one screen or a group of screens at the same time from one remote control.

TELIS 16 CHANNEL

## Smartphone App

With home automation growing in popularity, a smartphone and tablet app is a great value addition to any offer. We have created this app in partnership with Somfy and it is available for download on IOS devices through the iTunes® store.

## Sun and Wind Sensors

### ONDEIS™ WIRE FREE RTS SENSOR

A wireless sun & rain sensor, powered with an integrated solar cell, that can automatically adjust motorized screens based on the sun's intensity or the damaging rain.

### EOLIS RTS SENSOR

A wind sensor that can be used to automatically retract your screens into their protective housings in stormy conditions.

### SOLIRIS RTS SENSOR

A combined sun and wind sensor that automatically adjusts motorized screens depending on sun and wind intensity.

## Wireless Switches

Somfy's DecoFlex WireFree™ switches are completely wireless, battery powered and available in four colors - white, ivory, black and almond.

WHITE

# Specifications

Phantom's motorized wall screens are custom fit and professionally installed for single openings as large as 40 feet wide. Maximum height and width are detailed in the chart below.

	WIDTH	HEIGHT

## *Wider, stronger, bigger than ever*

---

Thanks to special technology introduced by the Phantom Screens team, our motorized wall screens can now cover far beyond the industry standard of 25 feet wide without any bowing in the roller, or sagging in the mesh. Because of unique carriers which we install into the housing of the unit, the product is now able to extend a ground breaking 40 feet!

---

for **MULTI-PANEL DOOR SYSTEMS**

There's nothing like being able to leave your multi-panel wall system wide open to enjoy the breeze without letting the bugs in. Phantom's new manual wall screens for oversized openings disappear out of sight when not in use, never compromising your home's style or million dollar view!

# for **WINDOWS**

The trouble with traditional fixed window screens is that they're always there - compromising your view, making window cleaning difficult and detracting from the aesthetics of your home. With Phantom's retractable window screens you can enjoy insect-free ventilation and your view. They're available for all types and sizes of windows - even custom wood windows - and can be used for insect protection or solar shading. So when your home is basking in sunshine you can open your windows and welcome the breeze!

## Phantom Window Screen
