The Winner takes it all

INTRO 2022

RUN TO EARN

Runiverse is an exciting new **Web3 game** based on crypto price **predictions:** speed of runners is based on the real-time market performance of tokens.

PLAY THE MARKET

The player **chooses a token** and challenges a friend or a random opponent to a **thirty-second race** controlled by real-time **market movements.**

WINNER **TAKES ALL**

If a player's token of choice has a **higher percentage** growth during the race, the player **wins** and **takes all** the tokens up for grab: his own plus opponent's.

R

A 3D candlestick chart with green and red bars, representing market data. The Binance logo is visible in the top left corner.

BINANCE

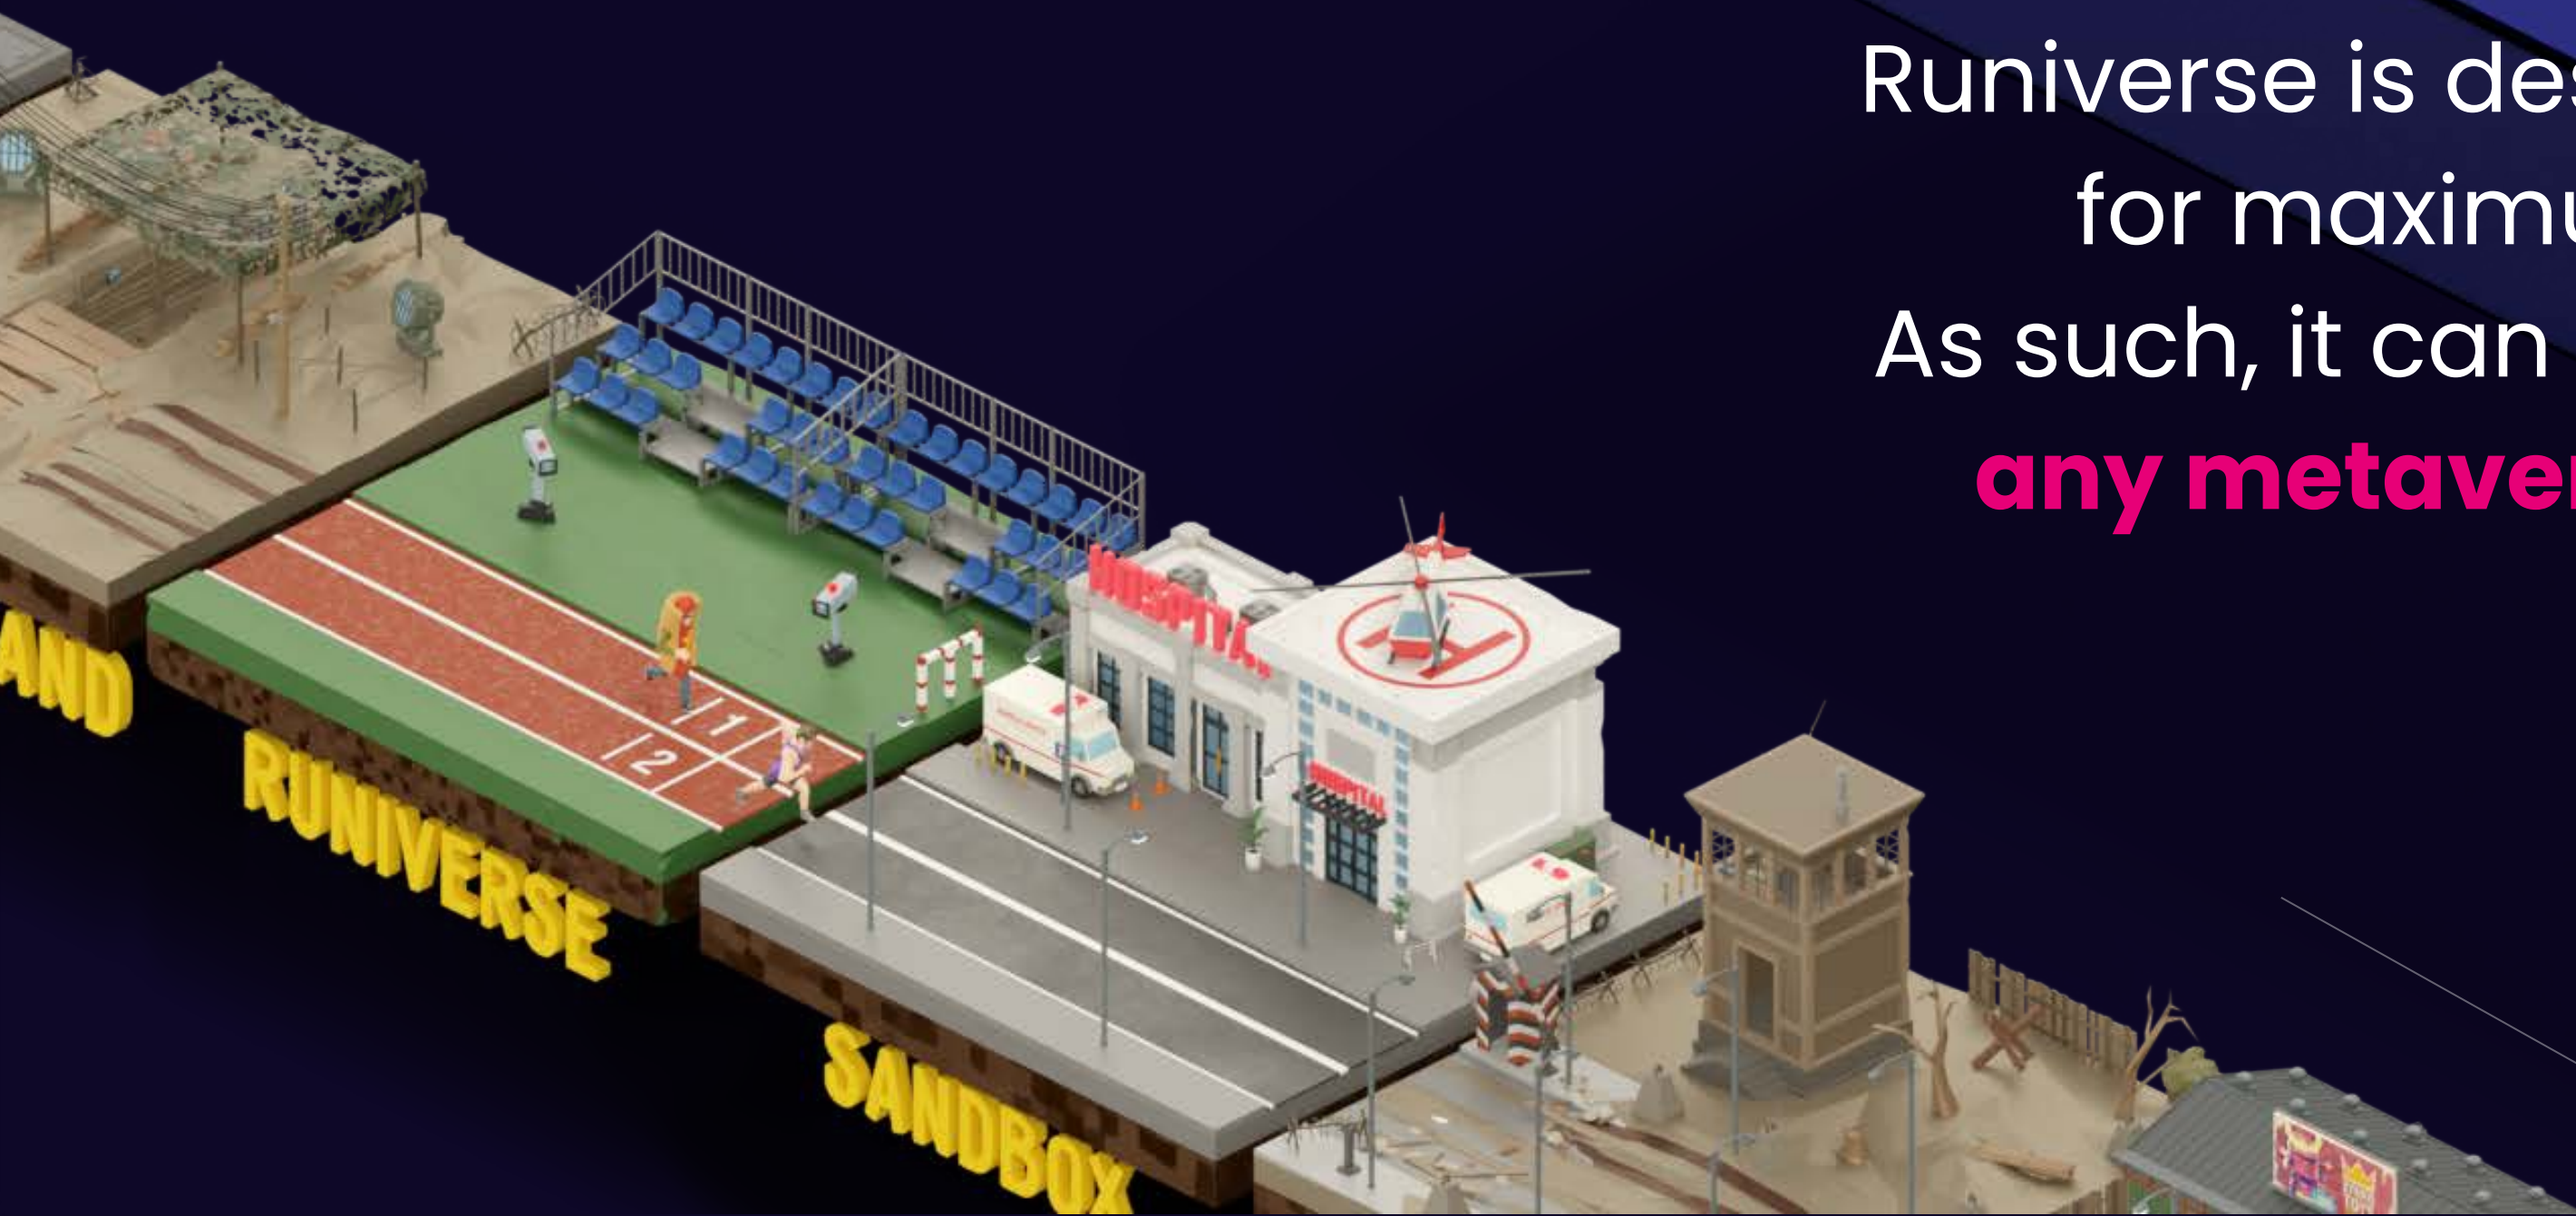

REAL DATA, REAL WINNERS

Runiverse is a pure Web3 game that third parties cannot rig as **Binance oracles** real-time market data. Its transparency makes it extremely appealing to both **casual bettors** and **crypto-oriented** players.

CROSS METAVERSE EXPERIENCE

Runiverse is designed to allow for maximum **scalability**. As such, it can be deployed in **any metaverse** ecosystem.

NFTs ALWAYS EARN

Runiverse Player Skins and Tracks NFTs play a **key role** in the game even as they are not required to play. NFT holders will receive a **5% reward** from the prize pool each time players use **their NFTs** during a race.

5% FEES

TOOL FOR CRYPTOS

By pitting different tokens **against** each other, Runiverse provides a unique opportunity for **token communities** to engage their members and discover the **best performing** cryptocurrencies.

R

AMBS & CELEBS

Ambassadors and Celebrities can connect deeply with their fan base by leveraging **customized avatars**. They can also decide to **match a token** for a period of time.
