

The Laura Patricia Calle Grant is designed to honor our dear friend Laura Patricia Calle's life, hard work, and immeasurable passion for equality for all people and the manifestation of diverse cultural expression in our public spaces.

For the 6th annual grant, we invite artists and art collectives to present proposals for a mural to be painted in Metro Atlanta (as defined by Atlanta Regional Commission). The mural should inform and promote awareness on the subject(s) of:

- * Social Equality
- * Feminism
- * Immigrants' Rights
- * LGBTQIA+ Rights
- * Cultural Diversity

The selected artist(s) will receive **\$20,000** to bring their project to life from **August 1-15, 2023**. The winner will be notified by July 17, 2023.

Artist Expectations:

This \$20,000 grant is all-inclusive, meaning that the awardee is expected to lead the entirety of the mural production, including but not limited to securing a permanent wall location, covering artist fees, hiring assistants and media teams, and acquiring materials and equipment. Living Walls is available to provide support, but the selected project is expected to be artist-led.

Artists are expected to apply with a proposed wall location and design mockup. The wall should be no smaller than 100 square feet and located within the Metro Atlanta area (as defined by Atlanta Regional Commission).

Artists can apply individually or as a team. The wall will be prepared, primed, and ready to paint by the time of production. The artwork will be protected with anti-graffiti coating post-production.

The artist must reside in the United States.
