THE ACADEMIC PIPELINE PROJECT

Awareness About Academic Pipeline Programs & Their Best Practices

ABOUT US

The Academic Pipeline Project, (APP) LLC. is an Atlanta based minority-owned small business which was founded in 2018. APP provides customized services to parents, students, programs, and institutions of higher learning. Our technology platform (APEX) serves as a national clearinghouse for academic pipeline programs. Academic Pipeline Programs are initiatives that support and propel underrepresented minority students along their educational journey by providing programming related to research, career and life preparation. APP provides technology tools that both empower and enhance what is already available for users.

APP’S Goal

We EDUCATE audiences through webinars, trainings, and consulting services about the importance of diversity, equity, and inclusion practices and initiatives. We EMPOWER parents, students, and faculty with a means to find programs that fit what they need depending on where they are on their academic and career journey. We EXPAND the current offerings of program databases by including the THRIVE Index tool as a detailed description of each programs’ benefits and supports.

academicpipelineproject@gmail.com • www.academicpipelineproject.com
The THRIVE Index is a framework to compare programs, highlighting their strengths and introducing a unique set of parameters to contextualize each program. It highlights each academic pipeline program as it supports several levels of the pipeline (i.e. pre-collegiate (K-12), collegiate, graduate, post-doctoral and/or faculty). The THRIVE Index provides an objective and comprehensive lens into each program, so one can determine if an initiative fits their need(s).

Benefits

FOR YOUR STUDENTS

Academic initiatives/programs like summer bridge programs have been shown to enhance students’ academic skills, increase knowledge of campus resources, provide study skills and time management techniques (Walpole et al., 2008), all of which are linked to college readiness and successful college transition (Palmer & Young, 2009; Palmer et al., 2014; Strayhorn, 2011).

OUR SERVICES

CONSULTING

We offer several consulting services to aid you in diversifying pathways through academic pipeline programs. Email us today for a quote. We offer the following services:

- Diversity, Equity, and Inclusion Webinars and Training
- Evaluation Services
- Database Development
- Software Development
- Strategic Planning
RIHANA S. MASON, PH.D

Rihana S. Mason is the co-founder of APP, specializing in pre-collegiate and collegiate programs. She leverages over 15 years of experience mentoring students and educating others about diversifying the academy. She received her Ph.D. in Experimental Psychology with an emphasis in Cognitive Psychology from the University of South Carolina, Columbia, SC in 2004. She is a Research Scientist at the Urban Child Study Center at Georgia State University and an Adjunct Professor at Spelman College. Dr. Mason is the co-author of Academic Pipeline Programs-Diversifying Pathways from the Bachelors to the Professoriate (May 2021). She serves as a member of the Psi Chi Diversity Advisory Committee and is the 2021-2022 President for the Southeastern Psychological Association (SEPA). She serves as a research consultant to the HBCU STEM Undergraduate Success Center at Morehouse College.

As an undergraduate at Spelman, she participated in the National Institutes of Mental Health Careers and Opportunities in Undergraduate Research Training Program (NIMH-COR) and was later named a NIMH-COR star in 2007. She is a recipient of the Predoctoral Ford Fellowship (2000) administered by the National Academies of Sciences, Engineering, and Medicine on behalf of the Ford Foundation and actively participates in the meeting of the Senior Ford Fellows. Her previous academic appointments include serving as an Associate Professor in Psychology at Emmanuel College. At Emmanuel College she helped to expand the undergraduate curriculum to include courses which emphasized research and writing in psychology. She published her first book, Thinking Critically about your Career in Psychology (Collier & Mason, 2014).

EDUCATION

Ph.D., Experimental Psychology, Emphasis in Cognitive Psychology
M.A., Psychology, University of South Carolina
B.S., Psychology, Spelman College
CURTIS D. BYRD, ED.D

Curtis D. Byrd is the co-founder of APP, specializing in graduate/professional and faculty programs. He has over 25 years of experience in faculty and student diversity and inclusion programming. Currently he serves as the Special Advisor to the Provost on Diversity, Equity and Inclusion, coordinating DEI efforts for academic affairs at Georgia State University. He serves as a research consultant for the HBCU STEM Undergraduate Success Center at Morehouse College, where he assisted with a successfully funded nine million-dollar NSF grant proposal in 2020. Prior to this he served as the Assistant Dean of Graduate Studies at Clark Atlanta University. In the 2000s he served as Director of the McNair Scholars Program at University of Florida and Georgia State University and was the Director of Minority Graduate Recruitment and Retention at the University of Georgia.

For three years (2013-2016) Byrd served as an Action Research Consultant for the Southern Regional Educational Board’s Doctoral Scholars Program. His work with SREB-DSP created a sustained relationship with the National Association of Diversity Officers in Higher Education and programming to enhance their efforts in faculty diversity. During this time, as a doctoral student at UGA, he was a student member of NADOHE. Dr. Byrd is the co-author of the Lever Press publication (May 2021) titled Academic Pipeline Programs-Diversifying Pathways from the Bachelors to the Professoriate. Dr. Byrd earned both his B.S. in Psychology and M.Ed. in Higher Education at Iowa State University. In 2016 he graduated with his Doctorate in Education (Ed.D.) in Adult Leadership Education from the University of Georgia.

EDUCATION

Ed.D., Adult Leadership Education, University of Georgia
M.Ed., Higher Education /Professional Education, Iowa State University
B.S., Psychology, Minor: Hotel, Restaurant and Institution Management, Iowa State University
ABOUT THE BOOK

Academic pipeline programs are critical to effectively support the steady increase of diverse students entering the academy. This book describes best practices of successful academic government and privately funded pre-collegiate, collegiate, graduate, and postdoctoral/faculty development pipeline programs. The authors explore 21 hallmark academic pipeline programs using their THRIVE Index: Type, History, Research, Inclusion, Identity, Voice, and Expectation. The final chapter of the book offers information for using and starting similar programs. The appendix offers an interactive Geographic Information System (GIS) mapped database of programs using the THRIVE Index. This book will equip parents, high school counselors, college advisors, faculty, department chairs, and higher education administrators to identify academic pipeline programs that fit their needs. Readers will also learn about how academic pipeline programs are situated within an institutional or organizational change model.
