Konservasi Indonesia is a national foundation established to support sustainable development in the country. We are the main partner of Conservation International in Indonesia. For more information, please visit: www.konservasi-id.org

We envision a healthy and prosperous Indonesia where biodiversity is valued and preserved. With offices and project sites across Indonesia, we promote a sustainable landscape-seascape approach and establish partnerships with multiple stakeholders across sectors and jurisdictions to deliver lasting impacts for people and nature in Indonesia.

As we are constantly expanding, we are currently hiring to fill the following position for our office in Medan:

**Sustainable Finance Manager**

*(Code: SFM)*

This position will serve as an expert, advising internal and external partners on a range of sustainable financing mechanisms and strategies including but not limited to design, structuring, and execution of corporate green and blue bonds and other capital markets transactions; commercial green and blue loan programs and products; and private market debt and equity vehicles and instruments that advance institutional and partner country climate, biodiversity conservation, and sustainable development goals and objectives in for Sundaland Program. The Sustainable Finance Manager will lead the initiative, engagement, maintain and enhance the sustainability towards the best practices available in the corporate green and blue bond based on science.

Sustainable Finance Manager must also have demonstrated knowledge or experience on the role and development of conservation finance and forestry carbon finance transactions and must be able to work across a broad range of stakeholders including external partners in the private sector, development finance institutions, project developers, government, and civil society. Must have business and commercial acumen and be able to articulate an actionable plan for developing a pipeline of high-quality emissions reductions and NCS projects (environmental and social approach) at scale. This position will base in Medan office and report directly to the Sundaland Program Director, with dotted reporting lines to the Sustainable Finance Sr. Director.
