

PRODUCTION CAPABILITIES

PRECISION MACHINING

- Milling
- Turning
- Boring
- Broaching
- Swiss Turning
- Automated Cells
- Screw Machine
- EDM
- Grinding
- Centerless Grinding

SHEET METAL FABRICATION

- Laser
- Turret Punching
- Press Brake Forming
- Metal Spinning
- Stamping
- Mig/Tig Welding
- Robotic Welding
- Spotwelding
- Hardware Insertion
- Grinding & Refinishing
- Assembly
- Roll Forming

MATERIALS

- Steel
- Aluminum
- Stainless
- Brass
- Exotic Metals

SIZES

Turning up to 28" Diameter
 Machining Bed Size up to 157" x 60"

- Cold Rolled Steel
- Hot Rolled Steel
- Aluminum
- Galvanized
- Galvannealed
- Stainless Steel

SIZES

Minimum 26 GA
 Max 1"

FINISHES

POWDER COATING

3 In-House Powder Facilities
 Inline Powder Coating
 Batch Powder Coating

PLATING

Zinc Anodize Nickle Chrome Chromate

INDUSTRIES SERVED

Aerospace
 Agricultural
 Automotive

Consumer Products
 Electrical Panels & Enclosures
 Air Handling Equipment

Industrial Equipment
 Medical Equipment
 Restaurant Equipment

Media
 Military
 Retail Appliances

Retail Fixtures
 Lawn Care and Turf Management

ABOUT US

J&E Companies' foundation of quality, safety and metal versatility has been upheld for more than 60 years by the J&E and R&B divisions. Our seven manufacturing facilities throughout Minnesota, Wisconsin, and Mexico, total over 450,000 square feet of production space. We offer a single-service solution for high quality metal components and assemblies at scale. The increased capacity and scale available to our collective clients includes the acquisition of new equipment and advanced technology.

SCAN ME

450,000 SF MANUFACTURING

State of the art metal fabrication processes across seven facilities.

CERTIFIED QUALITY

Exceeding customer expectations through quality manufacturing solutions.

MANUFACTURING SINCE 1958

Traditional manufacturing processes combined with modern technology.
