

Swiilawiid Strategic Plan

2022 | swiilawiid.org | info@swiilawiid.org

Swiilawiid is a place-based social-profit dedicated to the well-being of the lands, waters, and people on Haida Gwaii. We work to inspire the people of Haida Gwaii to take meaningful action and reduce our collective footprint. Project 0% Diesel is our main focus at this time, and the name says it all: We want to see Haida Gwaii lead in the transition to equitable, regenerative, community-owned power. **Renewable energy** is key to maintaining the Islands' reputation as stewards and taking *meaningful action on climate change*.

As local residents, **we are proud stewards** of the land and sea and we're committed to working with our friends and neighbours to *increase our sovereignty and well-being*.

PRIORITY #1

Identify and address inequalities and barriers to regenerative energy and solutions

PRIORITY #2

Engage All-Islands' communities around renewable energy and realize our shared vision

PRIORITY #3

Build and strengthen strategic partnerships that help to achieve 0% Diesel

PRIORITY #4

Develop tangible renewable energy resources that grow the movement

WHAT DOES RENEWABLE ENERGY MEAN FOR HAIDA GWAII?

Providing for today without taking from future generations.

Equality + equity
Empowerment
Independence
Accountability

Creativity
Action
Responsibility
Transparency

Project 0% Diesel

Working together to become energy sovereign.
