

15 Years

OF EMPOWERING YOUNG PHILANTHROPISTS

2022-2023
ANNUAL IMPACT REPORT

Message from our Founder

Dear friends,

In some ways, this special Annual Impact Report is one big “thank you” to everyone who has believed in the mission and vision of Magnified Giving for the last 15 years. We’re saying “thank you” for helping us educate 42,009 youth in philanthropy since 2008 and support local charities with \$1.5 million in youth-granted funding in the process.

When I started Magnified Giving in 2008, that first year, we empowered students from 8 schools to give away \$8,000 to local charities. In 2008, I guessed and hoped and dreamed that if you engaged youth in philanthropy, they would be more likely to engage in their communities as adults. Back then, I hoped. 15 years later, I know. Now, I know that this process has both short and long-term benefits for youth. I know that when we teach youth how to use their time, talent, and treasure to serve others, they are more likely to pursue careers in the nonprofit sector, volunteer and donate regularly, and be active and engaged citizens in their communities. I’ve learned this from Taylor Young, the recipient of the 2023 Bill Keating Jr. Next Gen Award, who says her experience in Magnified Giving compelled her to pursue a nonprofit career. I’ve learned this from Julie Gyure, a former participant who went on to help us develop Camp Give and now serves on our Board of Directors and volunteers regularly at her local Ronald McDonald House. I’ve learned this from Carter Flora, a recent graduate of Turpin High School, who told me that his 4 years in Magnified Giving gave him unbeatable opportunities to grow as a leader and develop a deep-rooted connection with a local nonprofit, Luke5Adventures. He’s heading to OSU this fall excited to seek opportunities to continue his philanthropy journey.

I know that sometimes, what we do at Magnified Giving seems complicated. But to me, it’s so simple. When we let our gifts pass through the hands of youth before reaching worthy nonprofits, our gifts are magnified in the lives of young people like Taylor, Julie, and Carter. Thank you, from the bottom of my heart, for letting us magnify your gifts. Let’s keep going.

With Gratitude,

Roger Grein
Founder & President

Roger Grein and Carter Flora, a 4-year Magnified Giving participant and recipient of the Roger Grein Legacy Scholarship,

"In this Annual Impact Report, you'll see that we've dedicated space to honoring those who helped us get where we are today. In 15 years, many individuals, partners, and foundations have helped us hit our stride, and we're so grateful. Together, we're moving into a future where we educate even more youth to be generous and wise philanthropists, continue increasing the quality of our programs, and engage more partners in this work that has the power to transform communities. You have my sincerest gratitude."

- Kelly Collison, Chief Executive Officer, Magnified Giving

Find our Financial Statement on our website at www.magnifiedgiving.org/accountability

Cheers to 15 years!

So many individuals have given their time, talent, and treasure to develop the Magnified Giving programs into effective engines for supporting local nonprofits through the hands of youth. We especially wish to recognize the contributions of several individuals.

TODD FORMAN

Todd Forman helped bring Roger's vision to life, developing and coordinating the Youth Philanthropy Program from 2008 to 2017. Todd's experience in education and service and his efforts to advance the program helped make Magnified Giving what it is today!

PAST BOARD MEMBERS

We honor and value all those who have served on our Board of Directors and successfully guided our first 15 years. Below are all former board members. Current board members are found on the back panel.

Jennifer Ray
Hughes Center High School

Anne Schoelwer
Clark Montessori High School

Chris Pasture & Mike Meadows
Notre Dame Academy

Julie Hagerty & Todd Forman
Mount Notre Dame High School

Chris Winiarksi
LaSalle High School

Al Kovacic & Sr. Sandy Howe
Seton High School

YOUTH PHILANTHROPY PROGRAM

Youth groups of 6th-12th graders who explore philanthropy, service, and social causes, ultimately granting \$1,000 or more to a local nonprofit.

"We learned from our students that they enjoy helping others and giving back to their community. All our students have intellectual and/or developmental disabilities, so often they are on the receiving end of service. The students felt good in giving!"

- Meg Brady, University of Cincinnati

Empowering Change at Kings High School: A Journey of Community Impact and Growth

Bishop Fenwick High School Students Learn Valuable Skills While Making a Difference

The Power of Student Advocacy: Elder High School's Impactful Philanthropy Program

Since 2008, Magnified Giving has educated 42,009 young people through our Youth Philanthropy Programs. In 2008, we facilitated programs in 8 private schools, and youth chose 8 grant recipients to receive \$8,000 in grant funding. During the 2022-2023 school year, youth in 124 programs granted \$185,989 to 127 community nonprofits. In 15 years, we've expanded access to these meaningful programs not only to public schools, but also to youth development programs beyond the classroom where we are able to reach at-risk youth and young adults with special needs with the powerful benefits of service-learning.

For example, during the 2022-2023 school year, we partnered with the University of Cincinnati Transition & Access Program to engage young adults with mild to moderate intellectual or developmental disabilities in philanthropy. These youth passionately explored social causes and nonprofits that interested them, and they made posters and presentations to educate their fellow students and UC community members. They also volunteered at all the organizations they advocated for. Together, they chose to grant \$1,000 to Inspiration Studios, an organization that provides innovative programming for individuals with developmental and intellectual disabilities. They also granted \$250 each to Buddy Up for Life and Luke5Adventures.

CAMP GIVE

Fun, energetic summer service-learning camps for 5th-9th grade students to engage in meaningful hands-on service projects and learn how they make a difference in the world.

Camp Give 2023 was our best year of summer philanthropy camps yet! This year, 44 5th-9th graders participated in 4 different weeks of Camp Give. For the first time, we hosted camps at the Evendale Recreation Center, a space that provided new opportunities to play, learn, and serve, and to engage with nearby community members and partners, including the Evendale Fire Department.

Each day, campers visited a nonprofit partner to learn about their mission and work together on a service project. At the end of the week, they granted a portion of their camp fee to the nonprofit that interested them most! In addition to opening their hearts and minds to community needs, they often learned new skills! For example, at New Life Furniture Bank, campers used donated wood scraps to build end tables for families in need.

Check out a full Camp Give 2023 recap at www.magnifiedgiving.org/impact-stories/camp-give-recap-23

Thank you to all of the nonprofits who partnered with us to educate campers in their missions and arrange meaningful service projects and activities:

- New Life Furniture Bank
- Tikkun Farms
- The Healing Center
- Payton's Lemonade Stand
- Sleep in Heavenly Peace
- Matthew 25: Ministries
- Crayons to Computers
- 1N5
- Sweet Cheeks Diaper Bank
- CancerFree Kids
- Evendale Fire Department
- St. Vincent de Paul - The Ozanam
- Center for Service-Learning
- Henry Hosea House
- Brighton Center
- Ohio Valley Book Bank

"We learn directly from parents every year that they are witnessing their child become a kinder and more empathetic person thanks to the week at Camp Give. It truly is special."

- Alison Kaufman, Director of Programs, Magnified Giving

SERVICE-LEARNING RESOURCES FOR THE COMMUNITY

We provide resources to infuse our region with and engage youth in service-learning and encourage meaningful conversations about philanthropy and service.

Service-learning is a proven instructional strategy where youth use academic skills and knowledge to address real community needs. It's known to improve academic outcomes while introducing youth to meaningful, hands-on opportunities to develop 21st century skills and find thoughtful solutions to needs in their schools and communities. Many of the teachers who facilitate the Magnified Giving Youth Philanthropy Program in their classrooms utilize the principles and process of service-learning, and we encourage this overlap because of the proven benefits of service-learning for youth, educators, schools, and communities. Magnified Giving offers resources to all educators, including one-on-one consultation, to support robust service-learning practices.

SERVICE-LEARNING TEACHER WORKSHOP

In July 2023, we had a unique opportunity to boost over 60 educators in their service-learning practice. Thanks to the generous sponsorship of The Mayerson Foundation, we brought in national service-learning expert, Julie Rogers Bascom, to provide a 6 hour workshop to educators at no cost. The tri-state region should be proud of the 60 hard-working and passionate educators who dedicated time this summer to strengthening their practice of service-learning for their students and their communities. As they scatter to dozens of different schools and agencies to educate the next generation during a new school year, we can trust that they'll be sowing meaningful seeds of change in our youth and in our community through service-learning!

.....

Philanthropy education is good for youth...

"My journey with Magnified Giving has epitomized personal growth, resilience, and unwavering dedication. From a reserved freshman to the president of the club, I have experienced the transformative power of stepping beyond my comfort zone in pursuit of a cause I deeply believe in."

- Carter Flora, Turpin High School

"My experience with Magnified Giving has been an amazing one. My point of view of my community has changed and I would say Magnified Giving has made me more loving as a person. Through Magnified Giving I have seen the various struggles people and our world face and I feel more empathy and compassion towards everyone."

- Maria Lopez, Lebanon High School

"I am incredibly grateful for the experience I had in my class and with Magnified Giving because throughout this process I used my voice along with my classmates to stand up for ourselves and advocate for something we passionately care about."

- Cate Rothring, Saint Ursula Academy

.....

...and life-giving to our communities!

"Your Youth Philanthropy Program has connected New Life Furniture with so many enthusiastic, compassionate, and generous students. It's uplifting to see Magnified Giving promote volunteerism in our community and to see such a positive impact it makes - not only for the nonprofit organizations that you help, but for the youth who participate."

- Connie Stalf, Volunteer Coordinator at New Life Furniture Bank

IN 15 YEARS...

582 organizations have received 1,504 grants totaling \$1,579,693 through the hands of youth.

Dozens more have had the opportunity to share their mission with the next generation, even if they were not selected to receive a grant.

We are so grateful to the hundreds of nonprofits who have engaged with youth, educated them about their mission, and arranged meaningful site visits and service projects. Thank you for magnifying your impact by participating in the Youth Philanthropy Program process!

These five nonprofits have received the highest amount of grant funding from youth participating in Magnified Giving since 2008! Congratulations!

- 4 Paws for Ability.....\$37,424
- Bethany House Services...\$20,370
- La Soupe.....\$19,070
- CancerFree KIDS.....\$19,030
- Pets for Patients.....\$17,235

Magnified Giving Guides an Individual’s Path of Philanthropy

If an individual is fortunate enough to engage with multiple sources of philanthropic experience, Magnified Giving programs reinforce and deepen skills and knowledge related to giving and service. For those whose experiences in Camp Give or the Youth Philanthropy Program are their first or only exposure to philanthropy, these opportunities fill a special need in empowering them to start on the path of philanthropy for their entire lives. Magnified Giving uniquely brings together business, education, and nonprofit sectors to support individuals on their path of philanthropy in society.
