ABOUT LINO SONEGO INTERNATIONAL SEATING

LINO SONEGO International Seating is an Italian, family-run company from the Venetian Region that designs, manufactures and installs ergonomic seats for cinemas, stadiums, conference rooms and theaters.

Through its worldwide presence in over 80 countries, **LINO SONEGO** is the expression of made in Italy quality and design.

Born in 1952 in Pianzano di Codega Sant'Urbano, in the province of Treviso, thanks to the passion of the founder **LINO SONEGO**, the Company soon became the first Italian producer of seats for cinemas and theaters.

In 1989, Fabio Sonogo – current CEO - and Maria Luisa Micheluz - current President - created a new line of prestigious seats for football stadiums and sports facilities. In a short time, the success of the Company and its seatings was also extended to the foreign market, so much so that today, **LINO SONEGO** is one of the world's largest producers of cinema seats, stadiums, conference rooms and theaters, with 90% of the production destined to export.

Design, quality of finishes and structures, ergonomics, flexibility in personalization, constant search for new materials, excellent value for money, are the highlights of a Company under continuous growth and development.

The excellent synergy with architects, design studios and final customers has allowed us to establish fruitful and lasting cooperative relationships. Many of the leading world cinema circuits use **LINO SONEGO**'s armchairs in their most exclusive cinemas.

In the sports field **LINO SONEGO** was adopted by the most prestigious stadiums in Italy and in the world.

The Company structure and the production capacity allow **LINO SONEGO** to face, with extreme safety and determination, important orders both in Italy and abroad.
