

EXPERIENCE. MILLION AIR.

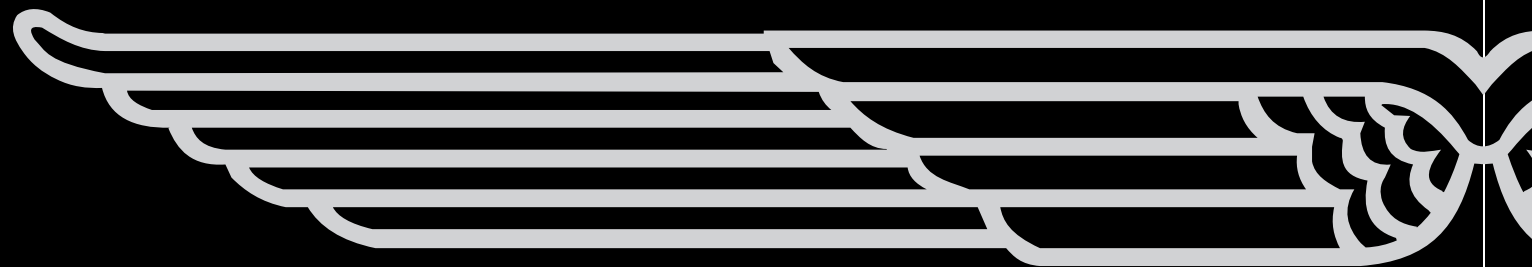

MILLION AIR WHITE PLAINS

Westchester County Airport

136 Tower Road, Hangar M

White Plains, NY 10604

Renewed FBO and New Hangar Development

MILLION AIR

The Million Air name has been synonymous with award-winning, upscale FBO aviation services for over 30 years. Million Air serves nearly 1 million aircraft movements and 2.5 million passengers for general and business aviation as well as military aircraft each year.

It is key for the brand that every customer know before they land, that a highly engaged and skilled team is preparing for their arrival. They know they will be greeted warmly and welcomed into luxurious and tastefully appointed accommodations with a service and safety minded team culture. They will be able to relax with the knowledge that everyone around them is passionate about more than simply meeting expectations; it's about setting the bar and performing to the highest standards.

EXTRAORDINARY SERVICE FOR EXTRAORDINARY CUSTOMERS

INDULGE IN THE AMBIANCE

Largest Contiguous Leasehold
at White Plains Airport.

BIG AIRPORT SERVICES—PRIVATE LUXURY AMBIANCE

- 24-hour access and FBO services
- Part 139 commercial airport with high level of security
- No airfield congestion faster in, faster out
- Unlike TEB, you don't spend your time and fuel on a taxi-way, airfield congestion or approach

UNPRECEDENTED LUXURY

The new aviation complex spans 26 acres with 7.25 acres of ramp space.

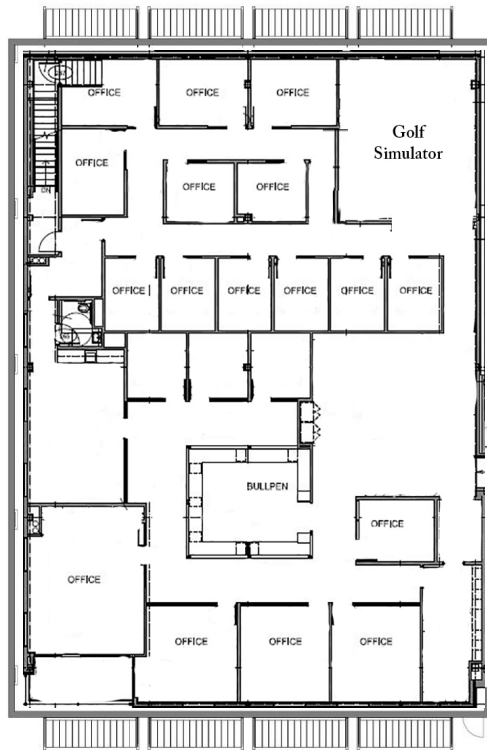

Guests will drive into a 6,865 sq. ft. indoor valet created to provide a climate controlled transition into the facility. Upon entering, the grand coffee bar and great rooms will serve as the central gathering area for passengers awaiting their flight where they will be greeted by barista with a beverage of their choice. The new luxury space was purposefully designed with a luxury resort-like ambiance which includes elegant seating groups, wood and rock features, and stone framed dual fireplaces outlined by wood beam ceilings reflective of the White Plains community.

This aviation complex today has more than 80,000 sq. ft. of hangar space, including a new 52,000 sq. ft. hangar with 28' door height capable of housing a Gulfstream 650.

The new development at Million Air White Plains combines award-winning service with the luxury ambiance of Million Air, to bring a one-of-a-kind experience to the White Plains, Westchester County Airport. Whether arriving or departing the area, Million Air HPN will be the facility setting the bar for every travel experience in private aviation.
