

HVAC Hydroxyl Generator

(IN-DUCT RETRO-FIT)

MODEL: RCS-10001-01
 RCS-10002-01

Designed to easily install at the manifold of the HVAC duct system enabling the Radical unit to disperse Hydroxyl Radicals throughout all areas served by the air conditioning or heating system. The installation takes only minutes, plugs in or can be hard-wired for easy connection and operates simultaneously with the air handling system in your home, office, industrial facility, etc. creating an "immune system for your environment".™

Dimensions:	25" x 8" x 12.5"	RCS-10001-01
Weight:	17 lbs, 7.5kg	
Duct Cutoutv	5" x 22"	
Power:	120-277VAC 50-60Hz, < 2A (per the Ballast)	
Control:	Switch and WiFi	
Material:	Aluminum	
Finish:	Gray powder coat	
Noise Level:	< 10dB...	
Certification:	UL, CE, NOM	
No. of Optics:	2	
Target Air Speed:	1 m/sec , 200 ft/min	
Exposure Time:	< 0.5sec	
Fan Rating:	800 CFM	

Dimensions:	25" x 8" x 12.5"	RCS-10002-01
Weight:	17 lbs, 7.5kg	
Duct Cutout:	5" x 22"	
Power:	120-277VAC 50-60Hz, < 2A (per the Ballast)	
Control:	Switch and WiFi	
Material:	Aluminum	
Finish:	Gray powder coat	
Noise Level:	< 10dB...	
Certification:	UL, CE, NOM	
No. of Optics:	4	
Target Air Speed:	2 m/sec, 400 ft/min	
Exposure Time:	< 0.5sec	
Fan Rating:	1600 CFM	

RCS Hydroxyl Generator Systems

RCS Hydroxyl Generator Systems are designed to neutralize and destroy virus everywhere safely and effectively.

Purify-Sanitize the Air We Breathe

NEUTRALIZES UP TO

99.9999%
of Tested Virus

Corona Virus
TESTED

HELPS
with Asthma
& Allergies

FULL Air & Surface Protection

SAFE for Humans, Pets and Plants

RCS Hydroxyl Generator Systems can be placed in any environment where pristine air and surfaces are required.

At Radical Clean Solutions we develop state of the art technology that is chemical free, safe for people, pets and plants, and ensures all surfaces and the air in any given space is pathogen-free!
