FOUNDATION**

YEAR IN REVIEW

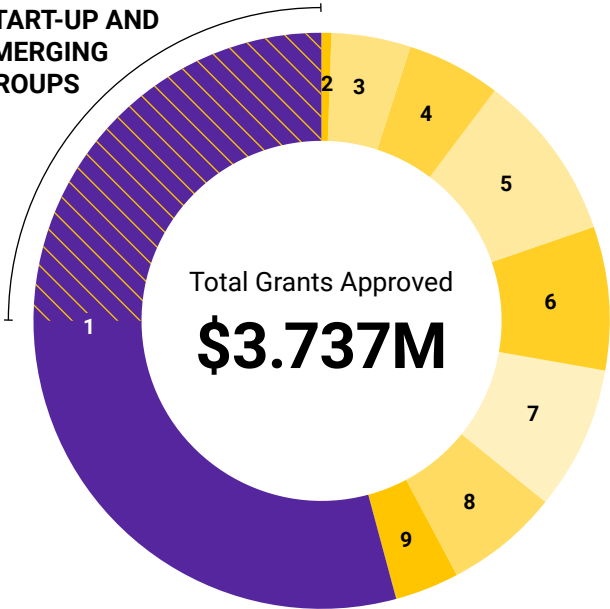

The New York Foundation is a steadfast supporter of community organizing, grassroots advocacy, and movement-building. We believe that the resilience and vitality of New Yorkers is the city's greatest resource, and we value the courage and experience of community groups and their leaders.

In the ongoing struggle for racial, economic, gender, and climate justice, the Foundation supports grassroots initiatives that build power to confront systemic barriers and inspire people to work toward a more just, equitable, and inclusive city.
