Inspired by the mountain ranges in Lauterbrunnen, Switzerland, glimpsed on a golden hour hike, the FAUNA Wall Hook embraces all that is natural. As the illuminated range peaked over meadows of wild flowers, the FAUNA Wall Hook took shape: feminine, timeless, strong and organic. Use the FAUNA Wall Hook alone as a functional piece of art, to display daily and treasured items or pair with the FAUNA collection for an organic and elevated bath experience. Crafted with a living finish that ages and changes with the seasons.
