KEY RECEPTIONS PHOTOGRAPHY

Once you're all newly married, you and your guests will make their way back in to the house for the drinks reception.

This is the first chance you'll get to give your guests a taste of what's to come with food and drink and really put your style and taste into your day.

Guests can make themselves comfortable in the lounge or our newly refurbished bar area, overlooking the gardens.

Really impress your guests with our 'sip 'n' slide' canapes, treat them to a prosecco, and let them indulge in drinks from the bar, including our very own Sparth House gin!

Our Alexandra Suite is where your wedding breakfast is served. It is the perfect space to add your own styling and personal touches. Whether that's bright or bold, or neutral and classic, any theme or colour works perfectly against the neutral walls and wooden floors.

Complete with it's own private bar in our adjoining conservatory, this also leads onto our festoon lit patio, rolling lawns and gardens at the back.

# *a hand crafted MENU*

There's so much more to wedding food than just a three-course meal. Delight your guests throughout the day; with canapes during drinks reception, whether that's savoury, sweet or a bit of both, a bespoke three-course meal that is as beautiful as it is delicious, evening food that's a whole lot more than your average buffet, and even a dessert station for your evening guests.

Our chef team have designed a menu that's full of creativity, locally sourced produce and of course, choice!

Our menus are updated yearly - but don't worry, there's always some firm favourites on there. As a Sparth House couple, you'll be invited to a taster day where you'll get to sample some of our most popular dishes - not forgetting the wine of course!
