Thomas Paine - American Crisis

Thomas Paine - *The American Crisis*

- Read to Washington's soldiers before the Battle of Trenton in 1776
- *These are the times that try men's souls... The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of his country; but he that stands by it now, deserves the love and thanks of man and woman.*
- *Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph.*

Thomas Paine - *The American Crisis*. Read to Washington's soldiers on December 23, 1776, before the Battle of Trenton.

In our last open letter to you, we urged you to invoke the Insurrection Act, declaring an insurrection to be in existence by domestic enemies of the Constitution who are in allegiance with, and doing the bidding of, Communist China and its globalist allies, intent on stealing the election and installing their puppet. We urged you to use SOCOM and other loyal military units to seize the data not just on election fraud, but also all data held by U.S. intelligence agencies and federal law enforcement that contain the dirt on all American elites who have been bribed or blackmailed by the Chinese Communist regime, or other foreign powers, or who are ideological fellow-travelers and willingly doing their bidding.

We urged you to use your absolute power to declassify ANY secret information and do a WikiLeaks style data-dump of that information on the traitors, to expose them all (regardless of political party). This will show the American people who has been compromised and who is a traitor. And that will give you the credibility in the only court that really matters at this moment – the court of public opinion among the patriots, and among the military – to do what you must do, which is to walk the same path of decisive action that President Lincoln took.

We pointed out that this is a matter of duty, and is your final, last chance to save this Republic. To that, we add the following:

You are running out of time.

The Deep State strategy had been, from day one, to do to you what they did to President Reagan: Surround you with Deep State agents who will assist in containing you by giving you terrible advice and by refusing to take meaningful action in any of their posts (AG Barr is but one example) and then run the clock out on you, until you are gone (and stealing your re-election to avoid the risk of having you in for eight full years). Right now there are still "advisors" around you telling you that you cannot use the Insurrection Act or do a mass data seizure/data dump to expose the traitors, or take other decisive action to defend our Constitution. Or they are telling you that you must wait for various reasons – such as waiting until after January 6, when the joint session of Congress meets to process the electoral college votes. Do not listen to them. That's just part of the plan to run the clock out on you. Do your duty, and do it now. Recognize you are already in a war, and you must act as a wartime president, and there is not a minute to lose.

Do it now. And don't let the fact that it is Christmas stop you.

Remember, George Washington led his men across the frozen Delaware river on Christmas in 1776 to attack the Hessians at Trenton early the next morning. Do the same to the Deep State traitors and ChiCom puppets. Attack them now, using your most effective weapons – your irrefutable powers as Commander-in-Chief and the Insurrection Act of 1807. Give American patriots a grand Christmas present by dropping the hammer now. Attack our enemies and deal them a crushing blow while they sleep, wrapped in their arrogance.

stay in power. Under those circumstances, more military service-members may mistakenly believe that Biden is the legitimate President-elect and more of them will unwittingly obey stand down orders from turn-coat Generals. This does NOT mean that if you wait till then, that you should not still take decisive action if that comes to pass. You should still invoke the Insurrection Act and do what must be done. But it will be better for you to do it now, rather than after the 6th.

The GOP controlled state legislatures and other Republican officials in the swing states have already stabbed you in the back and betrayed their oaths, by certifying fraudulent elections that were not conducted according to the Constitutional mandate that "Each State shall appoint, in such Manner as the Legislature thereof may direct, a Number of Electors ..."

Those GOP controlled state legislatures, executive branches, and judiciaries knew that the voting was not done according to actual state law, but was instead done contrary to state law in multiple ways, making the selection of the electors unconstitutional. And they also knew there was fraud, all resulting in the disenfranchisement of legitimate voters, whose right to equal protection of the laws was violated. And yet they still certified the fraudulent, unconstitutional results, and so far have refused and/or failed to decertify or overturn them.

And the courts, at every level, all the way up to the Supreme Court, have also refused to do their duty to defend the Constitution, and to secure the rights of the people, and have let this fraudulent farce go on.

Why should you expect anything better from even worse swamp creatures in the U.S. House and Senate? You should expect the dividing lines to be similar to the number of Republicans in Congress who voted "no" on the latest Stimulus Bill. Only a small handful of Republican Senators had any integrity. It will be the same with the Electoral College slates. The majority of them will join in with their Democratic fellow swamp creatures – even the ones you endorsed and helped get elected or re-elected. They will protect and preserve the swamp instead of the Constitution. They are loyal to the globalist oligarchy and to the interests of Communist China. Instead of loyal to the Constitution or to the American people.

And you saw a similar breakdown on the U.S. Supreme Court, where only two out of nine upheld their oath and their duty to hear the Texas lawsuit against other states, despite it being clearly within their original jurisdiction to hear all cases between states. All three of your own Supreme Court nominees turned out to be swamp creatures who stabbed you and the American people in the back by shirking their duty. Only Justices Thomas and Alito stood tall.

The same will happen in the House and Senate. A small handful of actual patriots will stand tall. The rest will fold, with Congress also rubber stamping and certifying unconstitutional voting, and unconstitutional selection of electors in the states, going along with the most blatant theft of an election in U.S. history, to knowingly, willfully, install a fraudulent Chinese puppet and his equally illegitimate running mate.

They could not beat you in a fair election, so they stole it, and now their establishment fellow travelers and/or cowards at every level of government and in every branch are supporting that theft.

Invoking the Insurrection Act NOW Will Pressure Both the States and Congress to Finally Do the Right Thing.

You need to take decisive action now, calling all National Guard units into national service to keep the peace as you order SOCOM and loyal military intelligence units to seize critical data/evidence and begin exposing Deep State traitors (anyone who has been bribed or blackmailed by Communist China or other foreign entities), and any evidence of vote fraud that has not already been destroyed. This is bigger than this election. It's about insidious subversion and take over of our nation from within by globalist elites in league with one of our most deadly enemies – Communist China.

This will put the fear of God into all the Deep State minions, including any of the compromised Republicans at every level, both in the states and in the U.S. Congress, and will embolden the patriot office-holders to again push for doing the right thing. The states still have time to de-certify the elections/slates of electors, but time is running out. Put the bad guys on their heels now. They won't be able to know exactly what you now have on them, with all the data seizures all over the nation. They will begin turning on each other, and will roll over, seeking "deals" in exchange for testimony against each other. It's very similar to how you take down a crime syndicate or cartel.

You should have invoked the Insurrection Act immediately after it became apparent that the election was being stolen. Not doing so gave traitors time to destroy or manipulate evidence, covering their trail in the states. As any investigator or prosecutor knows, you don't leave evidence of criminal activity in the hands of the perpetrators – you seize the evidence as soon as possible to secure it.

You are already a month and a half behind, and now you have a crucial runoff election ongoing in Georgia, that is being stolen as we type this.

Invoke the Insurrection Act to Stop the Steal Going on Right Now in Georgia

Right now the runoff election in Georgia is being stolen. Georgia is using the exact same election model as they used in the November election – same machines, same process. And you can expect the same results. They will steal this election as well, giving the Democrats control of the U.S. Senate, and removing any possible barriers to their socialist agenda.

There have always been a group of white hats around you, this group has provided you assistance before and are ready to be called into action. This group has meticulously collected and secured open source data pertaining to the illegal acts committed by the traitors within the government. Barr and many others have failed to utilize the provided information and there may be people still in your orbit obstructing today. Luke 10:19

You need to be working with Patriots from outside the beltway to accomplish the mission – this has always been the problem. Those within the beltway seek to maintain the status quo and have been working against your efforts to drain the swamp. The White Hats only need access to you to help you. They/we stand ready to assist you.

POST JANUARY 6

If you fail to act before January 6, 2021, and Congress at that time fails to defend the Constitution and stop the steal, as we expect them to, then we urge you to immediately take the following actions:

Declare that Congress has failed to defend the Constitution by rubber stamping a fraudulent and unconstitutional election. Further declare that the states also failed to defend the Constitution by failing to de-certify a fraudulent election and fraudulently selected electors. Also declare that seven out of nine of the Justices on Supreme Court has likewise failed in their duty, by refusing to hear a case squarely within their original jurisdiction. Declare that the American people are now being subjected to an extra-constitutional, illegitimate system that “rules” through systemic fraud, without the actual consent of the governed. And declare that therefore, you will honor your oath to “preserve, protect and defend the Constitution of the United States.”

You will not concede to an unconstitutional fraudulent farce, you will not step down, and you will not leave the White House in the hands of an illegitimate, fraudulent imposter, who is a suspected agent of a foreign enemy.

along with the mass declassification and public data-dump (see below), the best thing you can do right now to show the American people, and the military service-members under your command, the reality of our predicament is to play the following videos for them, of a Communist Chinese professor bragging about how they control the inner circle of the American elite, at the very top:

Here is the full video of the Chinese University Professor's speech:

Those are three videos every American should watch, and then come to terms with the truth that Wall Street sold out long ago, and then our political class, our legal class, and all mainstream media likewise sold out, for personal profit and power.

We need to take our country back, and you, Mr. President, need to help us finally get it done.

Invoke the Insurrection Act and call all National Guard units into national service to keep the peace.

Call all patriotic veterans into federal service as part of the militia.

One of your clearly described statutory powers as Commander-in-Chief, is to call any veteran until age 65 into federal service as the militia, to serve right there with the National Guard, under your command. Federal law provides for calling us veterans into service until age 65 because of our prior training and experience. We are all trained, each according to his or her M.O.S. Many of us are recent combat veterans of Iraq and/or Afghanistan.

You can order veterans to report to their nearest military base or their nearest National Guard unit to be put to work, likewise assisting in keeping the peace and assisting you in anything else you need done.

Call all patriotic Americans of military age into service.

You can, and should, also call into service all able-bodied Americans between the ages of 17-45 who are still loyal to the Constitution. You need only issue the call and they will respond. In fact, tens of thousands of patriotic Americans, both veterans and non-veterans, will already be in Washington D.C., and many of us will have our mission-critical gear stowed nearby just outside D.C., and we will answer the call right then and there, if you call on us. Us veterans can quickly train, organize, and lead our non-veteran patriot brothers and sisters, to put them to work within their abilities (according to their skillsets and experience in civilian life that can be carried over into military service).

Again, be prepared to relieve from command all Deep State traitor officers in the ranks of the U.S. military and National Guard. Be prepared to promote loyal patriot officers or noncommissioned officers, or loyal veterans, into command.

Immediately begin the mass declassification and WikiLeaks style data-dump to expose all the traitors, freeing Julian Assange so he can assist in this vital task.

You need to do this mass data declassification and public data-dump immediately, but if you do wait until after January 6, it will be all the more critical that you do it as fast as you can, and with as much evidence of treason being disclosed to the American people as you can possibly facilitate in the short time you will have to do it before January 20. Again, the most critical court is the court of public opinion and the most critical portion of that will be the current serving military, and the veterans of this nation (to avoid as much bloodshed as possible). They must know the truth, and all of the truth, no matter how ugly it is, and about both major political parties. Do not spare the GOP traitors any more than you spare the Democrat traitors. Expose them all. Dump all their skeletons in the the street (all evidence of their being bribed, blackmailed, or otherwise colluding with our enemies) for the people to see. That will maximize your credibility, and will maximize the number of military personnel and federal law enforcement who will side with the Constitution and the rights of the people, and it will maximize the number of Americans who finally have the veil lifted from their eyes so they can see evil in high places among the principalities of the earth.

Remember, this is really a world war of the people vs tyrants and evil oligarchs. The world is watching us to see what we do, just as the world watched the Founding Fathers to see what would happen. and when they shook off the chains of monarchy, the world followed their example. In one nation after another. The same will happen again. And

We recommend the following:

The new election will be conducted by the national guard and veterans as part of the militia, and/or the U.S. military over a two week period on paper ballots, with constant civilian observers and the public being able to observe at every stage of the process.

The paper ballots are to be assigned an ID number that can be given to the voter and the name and ID number should be registered in a live time voter database on a secure military server (creating a scrolling sheet that is constantly updating). There should be a concurrent manual ballot count, along with the entry into the database, indicating voter ID number, and votes (maintaining voter privacy but also allowing the voter to audit their own vote).

The voter will put their thumb print on the paper ballot with purple ink (just like we did in Iraq) so nobody can vote more than once. All voters must provide some form of government issued ID that proves identity and residency. For federal elections, they must also prove citizenship in some way (by federal law, only U.S. citizens can vote in federal elections. This law must be enforced).

The voter shall be given a photo copy of their ballot so they can audit it later at their command and discretion at any time during business hours at their local county clerk's office to confirm that their vote was not changed, and that it was counted.

The paper ballots will be counted at the end of the two week period. All ballots are to be securely maintained during the voting period by the military and militia (including National Guard) under constant supervision by the military, by the militia, and by local civilian observers selected by lottery and will be counted in front of any other citizens who wish to monitor. The whole process should be transparent and open to the public to observe at every step. At the time of the count the ballot ID number will be acknowledged in the database as having been counted. The ballots will then be made available for audit by the individual voter.

We must also clean up all the other public offices from past elections. All local communities are to hold public referendums on their elected officials with the support of the military and/or militia to decide if they should remove from office any or all of their other sitting elected officials, and/or to conduct special elections using the same protocols as above.

No party will be allowed to participate in such a referendum and only the citizens will determine if ALL other elected officials in their state are removed and a new special election held for all elected positions. Any new election will be conducted in the above described manner.

If we fail to root out the deep state, root and branch, NOW, this Republic is dead. We the People will not let that happen. But we need you, President Trump, to stand up and honor your oath, and do your duty as our President and Commander-in-Chief.

Know this: millions of American military and law enforcement veterans, and many millions more loyal patriotic American gun owners stand ready to answer your call to arms, and to obey your orders to get this done. Our goal is to honor our oaths to defend the Constitution and ultimately to restore our Constitutional Republic. President Trump, you must be as decisive, if not more so, than President Lincoln was at the outset of the Civil War, when he issued an arrest warrant for the Chief Justice of the Supreme Court, issued arrest warrants for several members of Congress, for sitting state representatives and officials, as well as newspaper editors, as he suppressed an insurrection and rebellion that had spread throughout all branches of government at all levels.

If you fail to do your duty, you will leave We the People no choice but to walk in the Founders' footsteps, by declaring the regime illegitimate, incapable of representing us, destructive of the just ends of government – to secure our liberty- and to be a mere puppet of a deadly foreign enemy. And, like the Founding generation, we will take to arms in defense of our God-given liberty, we will declare our independence from that puppet regime, and we will fight for our liberty.

There are millions of American patriots standing ready. Do not forsake them. Do not leave them to have to do it all themselves. Keep your promise. Drain the Swamp. Do it now! We will help you at every step of the way.

PS – PATRIOTS, QUIT USING THE TERM "MARTIAL LAW."

The term "martial law" is nowhere in the constitutional text (go look. You won't find it there). The power of Congress to provide for calling forth the militia to suppress an insurrection, on the other hand, IS in the constitutional text, and Congress did so, starting in 1807, in the Insurrection Act (and all its amended versions since). Suppressing an insurrection and "martial law" are very different and should not be conflated or confused.

All the above recommended actions can be done under constitutional powers and authorities pursuant to the Insurrection Act, and pursuant to the President's powers and duties under Article II. President Trump does NOT need to try to step outside the Constitution to enforce it. He merely needs to use his constitutional powers in defense of that same Constitution, and in defense of the rights of the American people, pursuant to the Constitution (such as the right to vote, as well as the right to equal protection of the laws).

So please stop using the term "martial law" to describe actions President Trump can and must undertake to suppress this insurrection. You do a great disservice to the cause when you throw that term around instead of simply advocating his use of the Insurrection Act, and you only make it easier for our enemies to claim that President Trump is

*President Trump is a fighter,
but he needs us to stand with him and fight too!*

Oath Keepers and patriots, duty calls!

We must all march on Washington D.C. and directly back-up and defend President Trump as he fights against the ongoing coup that is attempting to steal the election. Start rolling toward DC now! Join in on:

1. **Million MAGA rally scheduled in Washington D.C. this Saturday, November 14, 2020, 1301 Pennsylvania Ave, at 12pm.**
2. **Infowars Stop the Steal Caravan! Owen Shroyer is leading a caravan of patriots across the nation to converge on D.C. this Friday and Saturday, to converge and join in with the other rally initiatives, all standing together on Saturday.**

Go too www.stopthestealcaravan.com to learn more.

WE WILL BE THERE, in D.C., and we urge YOU to be there!

OATH KEEPERS VOLUNTEER SECURITY OP FOR WASHINGTON D.C.

Oath Keepers is sending some of our most experienced LEO and military combat veterans into D.C. to help keep patriots safe this Saturday, and in the days to come. Oath Keepers is linking up with the Infowars Stop the Steal Caravan and with the organizers of the Million MAGA event, and we will do all we can to assist with volunteer security on the ground inside D.C.

Oath Keepers will also have some of our most skilled special warfare veterans standing by armed, just outside D.C., as an emergency QRF in the event of a worst case scenario in D.C. (such as a "Benghazi" style assault on the White House by communist terrorists, in conjunction with stand-down orders by traitor generals).

Our men will be standing by, awaiting the President's orders to call us up as the militia, which would override D.C.'s ridiculous anti-gun laws (by federal statute, all Americans from age 17-45 are subject to being called up as the militia by the President, and all military veterans are subject to being called up until age 65 because of our training and experience). – Stay tuned for further details.

We call on all our LEO, military, Fire, EMS, and search and rescue brothers and sisters nationwide to also volunteer, either for the inside D.C. security op, or for the outside D.C. contingency QRF. You do NOT have to be an Oath Keepers member to volunteer, but you do need to be a trained professional. All military and LEO veterans are encouraged to volunteer (we will put you to work!), but we especially need combat arms veterans, SWAT and riot trained LEOs, EMS, Fire, intel

personnel, logistics, EOD, etc. You must be cool and calm under pressure, disciplined, and a quiet professional.

NOTE: For the volunteer security op inside D.C., to protect rally attendees, we also invite the participation of other patriot groups, such as bikers, who are not prior service but who have training, backgrounds, or experience that give them a capacity to effectively deal with unlawful physical violence by leftist terrorists. But, again, you must be calm under pressure and committed to the ethos of the quiet professional. We have found that it un-nerves the leftists to have to deal with stone-faced patriots who don't react to them running their mouths, but who are eminently capable if things turn physical. Remember, the eyes of the nation, and the world, are on us.

To volunteer, email us at: dcvolunteers@oathkeepers.org

Please also cc our backup volunteer email: dcvolunteers@protonmail.com

Please let us know what state you are from, and whether you want to serve inside D.C. or on the outside QRF, or both.

You will go through a comprehensive vetting process, including in-person. Again, we welcome the participation of like-minded groups and their leadership, whether veteran groups, three percenters, bikers, etc. Please have your leadership contact us and we will work with you, as we have on many past operations.

If you can't make it to D.C. in person, please donate to support those who can. We have brave veterans who are traveling there from across the nation, and they need your support to maintain their watch until we prevail. Go [here](#) to donate:

Oath Keepers Fire-Fighter stands guard against communist arsonists in Louisville, KY (also an Army combat veteran & police officer veteran). A good example of the kind of men who answer the call, as volunteers.

ALL PATRIOTS MUST MARCH ON D.C. NOW!

We encourage ALL patriots to join together in D.C., beginning this Saturday, November 14, 2020. (NOTE: You do NOT have to be vetted to attend the protests/rallies. Just show up. Vetting is only for those who want to be part of the Oath Keepers security op. Nor do you need to be prior service. ALL patriots need to show up). Understand that this Saturday's march/rally is just the beginning, and there needs to be a strong, ongoing patriot presence in D.C. going forward.

At a Stop the Steal protest in VA this past Sunday, we met elderly ladies who have been protesting in D.C. If they are brave enough to enter D.C. to stand up, so can you. Show up. Those of us who are more able-bodied will help keep you safe.

This election was stolen and this is a communist/Deep State coup, every bit as corrupt and illegitimate as what is done in third world banana republics. We must refuse to EVER recognize this as a legitimate election, and refuse to recognize Biden as a legitimate winner, and refuse to ever recognize him as the President of the United States. This election was stolen by corrupt, law-breaking Democrat partisans on the ground, and by the manipulation of the CIA created HAMMR ("Hammer") and Scorecard programs.

WHAT PRESIDENT TRUMP MUST DO TO DEFEAT THE DEEP STATE COUP

A. President Trump must refuse to concede. No matter what, he must not concede. This election was stolen by domestic enemies. Period. President Trump must refuse to recognize it as legitimate because it is not legitimate. He must follow the advice Hillary Clinton gave to Biden – to refuse to concede, no matter what. But by President Trump refusing to concede, he is stopping a coup rather than engaging in one.

B. President Trump MUST declassify ALL of the dirty secrets in the files of the CIA, NSA, FBI, ODNI, etc. on all of the compromised political, legal, academic, business, media, social elites, etc. He needs to order our Special Operations troops in SOCOM to take lead on securing all facilities where all the data is stored, and he must have SOCOM intelligence officers take lead on following his orders to IMMEDIATELY declassify all of the files on compromised American elites, so we can defeat the Deep State. The dirty secrets – who is a pedophile, who has taken bribes from Communist China and other foreign enemies, who has engaged in murder, etc, are the swamp water that the swamp creatures swim in. It is how they are all both controlled and protected. So long as they obey the Deep State, they are immune from exposure

and prosecution. If they dare to refuse to obey the Deep State, they can be destroyed by it in a matter of seconds. That is how the Deep State controls people. That is the root of its power (along with the Federal Reserve control on the financial system). And President Trump must strike at the root.

C. President Trump must do a MASS “WIKILEAKS”/SNOWDEN STYLE DATA DUMP. Both Julian Assange and Eric Snowden were heroes in the fight against the Deep State precisely because they dared to do what the Deep State fears most – exposure. The Deep State can throw such patriots into prison. But, it can’t stop the President of the United States, the Commander-in-Chief, from declassifying and dumping ALL of the Deep State’s dirty laundry. He has absolute authority to declassify anything he wants, and to disclose it to the American people. And he needs to do that for corrupt, compromised elites of both major parties. There are GOP traitors too, and they have undermined and worked to destroy our nation from within, right along with the domestic enemies within the Democratic Party and the communist left that is not dominating that party. Expose them all, once and for all. And may the heavens fall (it will be the Deep State that falls).

This is his final, last chance to actually drain the swamp.

WHAT WE THE PEOPLE MUST DO

A patriot from Serbia, who also loves America, shows us the way:

“What we have done, and what you probably need to do:

- Peaceful protests, good, well played round 1***
- A complete civil disobedience, they are not your representatives. They are FOREIGN puppet government.***
- Connect with the local police and start organize by neighborhoods to stay safe (we didn’t need this step)***
- We swarmed the streets and started confronting the opponents. I know, not nice, but it must be done if the institutions stop to exist***
- Millions gathered in our capital. There were no barricades strong enough to stop them, nor the police determined enough to stop them***
- Police and Military aligned with the people after few hours of fist-fight***
- We stormed the Parliament***
- And burned down fake state Television!***

WE WON!

However, we made a mistake. We have not removed ALL of his people from their positions.

That was the only mistake.

They are going to fight to the end, you must do the same.

Take that glorious flag from the chest. That old flag your ancestors flew while fighting for liberty.

Kiss your old Garand, and your Bible.

Do what you need to do.

You have it in your genes.

Make your grand-parents proud, and make your future grandsons proud.”

“GOD BLESS AMERICA!”

The man knows of what he speaks!

STAND NOW, OR KNEEL FOREVER.

We must stand, and we WILL stand. Last night, on a conference call with Oath Keepers from around the country, I urged them to stop at Arlington National Cemetery on their way to D.C. to visit their brothers and sisters and to reflect on all they gave for this nation – many of them giving their lives, with many of them dying in their teen years. They passed the torch of freedom to us. Now it is our watch, and now it is our time to stand in the breach. As the late, great cowboy patriot LaVoy Finicum said:

“It doesn’t matter how it ends, It Matters How You Stand“

On your feet! Stand up, hook up, check equipment ... and shuffle to the door my brothers and sisters.
