Parish Planning Consultation

Parishes embarking on the development of a Strategic Plan or other planning projects following the completion of a CARA Parish Life Survey often reach out to CARA for assistance in taking the next steps toward plan development. While CARA does not offer parish planning consultation, its CARA Associate for Parish Surveys will work with parishes independently on parish planning.

Presentations of Survey Findings

After the CARA Parish Life Report has been received by the parish, some parishes opt to have a CARA representative come to the parish to present the findings or present via Zoom. A typical parish presentation consists of the following:

- ✓ **Detailed leadership presentation** by a CARA representative to the pastor and key parish leaders that highlights all findings as well as key issues for consideration by the parish leadership. The presentation and discussion with parish leadership focuses upon those areas related to the reasons that the parish decided to conduct the survey.
- ✓ **Presentation to a parish assembly** on that same day. Similar to the leadership presentation but shorter in length, this presentation for parishioners highlights major findings of the survey. This presentation can be done: on a Sunday between Masses (if the schedule allows); after the last Mass on Sunday; on a Saturday evening (before or after the Saturday vigil Mass); or on a weeknight (with the parish leadership meeting earlier that same day).

Charges: \$1,500 plus all travel expenses.

Preparation of Google Slides Presentation

In addition to the preparation of a CARA Parish Life Report, some parishes opt to have CARA prepare a Google Slides Presentation that can be used by those at the parish to present the findings of the survey to their parish council, to their parish leadership team, and to their parishioners at a parish meeting. This slide presentation takes key findings from the CARA Parish Life Report and prepares them in an engaging and succinct manner that can be used before multiple audiences. Speaker Notes are included, as needed, to further explain text on the slides. A slide deck of approximately 50-60 slides is included.

Fee: \$750
