OUR GLAZES AND CLAY FINISHES ARE EXPERIMENTAL

From our workshop in the center of Guadalajara, Mexico, at LOFA we merge high-temperature ceramics with architecture, creating high-quality finishes.

Our glazes are made from natural oxides, and fired at 2280° F. With these ingredients and at this temperature, deep and sophisticated tones are achieved. In addition, the interaction of each piece with the fire generates a variation that creates spaces rich in scale, texture and warmth.

NERIKOMIS

CAN BE MADE IN A VARIETY OF COLORS

Clays or Nerikomi finish tiles do not have glaze. Their low absorption makes them suitable for bathrooms, interiors and exteriors but we do not recommend them in kitchen backsplashes. Download the installation guide on our website for more recommendations on these finishes.

SPECIALS

SPECIAL FINISHES
HAVE MORE EXTREME
VARIATION BETWEEN
PIECES AND FROM
ONE PRODUCTION TO
ANOTHER

Order it if:

- You like extreme variation.
- Your project does NOT need a specific tone.
- You want something that looks like a mural.
- You have time to present it on the floor before placing it on the wall.

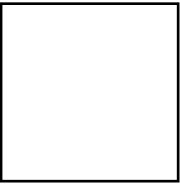

Don't order it if:

- You need your order to match your sample exactly.
- You want all your tiles to be the same.

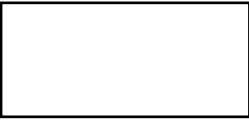

FORMATS

ANY FINISH - GLAZED
OR UNGLAZED - CAN BE
MADE IN ANY FORMAT

At LOFA we have the possibility of making any size and any two-dimensional and three-dimensional shapes. The ones presented in this catalogue are the current collection. With three-dimensional pieces, the reflection of light dresses the spaces and adds texture and scale. With two-dimensional configurations, variation from piece to piece creates visually rich spaces.

SHIPPING

WE COORDINATE WITH SHIPPING
COMPANIES

We do not have our own shipping/delivery service, but if necessary, we support our clients by coordinating shipments with Packetxpress, Fedex and UPS or any other package of their preference at the client's risk.

VARIATION

BECAUSE OF THE NATURAL MATERIALS AND THE GAS FIRINGS, THERE IS VARIATION BETWEEN EACH PRODUCTION, THEREFORE THERE IS VARIATION WITH THE SAMPLE RECEIVED. THERE IS ALSO VARIATION FROM PIECE TO PIECE IN ALL OUR GLAZED AND EVEN MORE IN THE SPECIAL ONES.

Order LOFA tiles if:

- Your project does NOT need a specific tone.
- You want something that looks like a mural.
- You have time to present it on the floor before placing it on the wall.

Don't order it if:

- You need it equal to a specific sample.
- You want a machine-made look.
