## World Cup Pop Up Party Partners with Maryland Bobcats FC

Event's first partnership is with Maryland's only professional outdoor club.

**Columbia, Maryland – September 6, 2022** — As Summer turns to Fall in the DMV, our attention turns towards preparing to host a watch party for the world's most exciting soccer tournament, the World Cup.

We are thrilled to announce our first official partnership for the World Cup Pop Up Party, Maryland Bobcats FC. It's a partnership that aligns with our mission of growing the beautiful game here in the United States. The [Maryland Bobcats FC](#) are an independent club that is quickly gaining attention on the national level through their play in the National Independent Soccer Association (NISA). The team gives players an opportunity to play on the professional level in the DMV area. In addition, the club's youth set-up has seen tremendous growth in a short amount of time and does a great job integrating its youth players with their first team.

"Everyone is excited about another World Cup and what the World Cup Pop Up is trying to do with growing the game in the Maryland community aligns perfectly with what our club goal is," said Evan Raimist, Maryland Bobcats FC Vice President. "We're excited to get involved, watch some of the world's best players, and partake in an event that will hopefully bring soccer fans from across the DMV together to celebrate the beautiful game."

MBFC will have players, staff, and more at the Pop Up and will also be hosting giveaways, games, and meet-and-greets while watching the games side by side with other fans.

The Maryland Bobcats FC [play their home matches](#) on a beautiful grass pitch and 5,000 person stadium at the Maryland SoccerPlex in Boyds, Maryland. They provide a professional game experience at an affordable price. Their season runs through October 15<sup>th</sup> so go check them out!
