Participants will have the opportunity to learn martial arts from qualified black belt instructors. Our camp is a fun filled skill building camp and a great way to spend part of your summer.

Participants receive martial arts instruction twice or more every day. In addition, there are many other organized activities including but not limited to, swimming hiking, camp fires, football, soccer, scavenger hunts and more.

All meals and snacks are provided as part of the camp registration fee and all participants will receive a camp tshirt.
