Cleaning the Home Screen

- We recommend clearing the homescreen of unnecessary apps, and adding the MedWand application for easy access.
- To do so, try following:

1) Press and hold on unwanted apps until the menu appears.
2) Select the Trash Can icon labeled "Remove."
   a) The app will still be available in the app list.

3) Once unnecessary apps are removed, swipe up to access the app list.
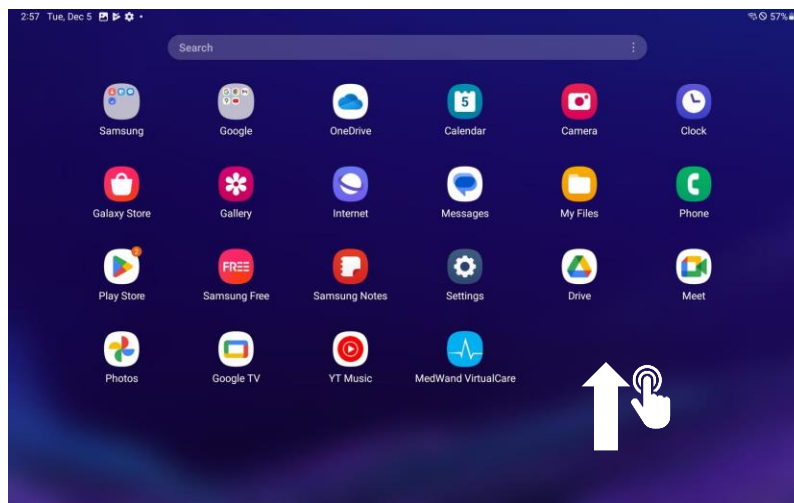

4) Press and hold on the MedWand VirtualCare app and select "Add to Home

Adding Kiosk Exam Code Access Shortcut
- Instead of going to the browser every time you want to start an exam, you can save a few clicks by adding a shortcut directly to the home screen.
- To do so, try the following:

    1) In the browser, navigate to **mwkiosk.medwand.com**
    2) Once there, navigate to the chrome menu, indicated by three dots in the top right corner.
        a) Note: If chrome is out-of-date, you will see an arrow instead of dots.
    3) From the menu, select "Add to Home Screen."
    4) Name the shortcut (Example: "Exam Access").
    5) All finished! You should now be able to access the page by selecting the shortcut on the homepage.

This process can be repeated to add a shortcut the kiosk portal (portal.medwand.com)
