## Long-Term Cryptocurrency Investment Research Report

### Exercise Progress: 1 of 49 Steps Completed

**Cryptocurrency Chosen:** NEO

### Steps 3-5: NEO Price, Restrictions, Purpose, Your Opinion on Long-Term Strategy

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>Any Restrictions for NEO in:</td>
</tr>
<tr>
<td>4</td>
<td>What is the Brief Purpose of NEO (What Problem is it Solving)?</td>
</tr>
<tr>
<td>5</td>
<td>What is Your Brief Opinio on the Long-Term Strategy of NEO?</td>
</tr>
</tbody>
</table>

### Step 6-17: NEO Sources to Read/Review/Research and Stay on Top of

- Did you sign up for NEO Google Alerts? Click me to go to alerts.google.com.
- Did you sign up for Meetup.com meetings in your country for NEO? Click me to access local meetups in your country for NEO (if available).
- Have you followed official NEO Twitter feed? Click me to access Twitter to follow the official NEO Twitter feed.
- Have you read the whitepaper for NEO? Click me to access the whitepaper.
- Have you reviewed the contents and resources on the NEO website? Click me to access the official website for NEO.
- Have you reviewed the non-editorial articles for NEO on Coindesk.com? Click me to access Coindesk.com articles for NEO.
- Have you reviewed the Wiki website contents and resources for NEO? Click me to access a helpful Wiki resource for NEO.
- Have you used Github.com to research NEO? Click me to access Github.com and read about/research NEO.
- Optional: Did you use YouTube to research NEO? Click me to access YouTube.com and read about/research NEO.
- Optional: Did you use Reddit.com to research NEO? Click me to access Reddit.com and read about/research NEO.
- Optional: Did you use Crunchbase.com to research NEO? Click me to go to Crunchbase page for NEO in order to view investor profiles, the management team profiles and the background of the board (if available). You don't need to pay for a subscription.

### Steps 18-21: NEO Qualitative Investment Research Comments (Background + Pros & Cons)

- Why does NEO exist?
- What are the cons (negative attributes) of NEO?
- What are the pros (positive attributes) of NEO?

### Steps 19-20: NEO Management Team, Investors, Developers, Partners, Customers

- Check this box when you understand Steps 3-5.
- Check this box when finished with Steps 22-24.

---

*Note: The above text contains placeholders and links to external websites for research purposes. The actual content may require additional research and verification.*
### STEPS 23-26: NEO Security & Differentiation Versus the Competition

**STEP 23:** What is the developer community like for NEO? Include information like do you think they seem committed to improving the cryptocurrency or are they open source or not, etc.?

**STEP 24:** Does NEO have any notable reference customers or partners (i.e., large companies or government agencies that use or have positive things to say about NEO)?

**STEP 25:** Please comment on the strength of the security of NEO when compared to other cryptocurrencies.

**STEP 26:** How is NEO different from other cryptocurrencies (in addition to differences in security protocols if applicable)?

### STEPS 27-28: Wallets and Exchanges that Support NEO

**STEP 27:** Of the 6 exchanges discussed in this course, can you transact in NEO on all 6 of these exchanges: GDAX, POLONIEX, KRAKEN, BITTREX, GEMINI, and BINANCE? If not, which of the 6 aforementioned exchanges do not currently accept NEO?

**STEP 28:** Of the 8 wallets discussed in this course, can you use NEO with all 8 of these wallets: QR CODE PAPER BASED WALLET, TREZOR, LEDGER NANO S, DIGITALBITBOX, KEEPKEY, COINBASE, ELECTRUM AND BLOCKCHAIN? If not, which of the 8 aforementioned wallets do not currently accept NEO?

### STEPS 29-30: Current and Maximum Supply # and Date of Maximum Supply of NEO

**STEP 29:** What is the current supply of shares of NEO available today?

**STEP 30:** What will be the maximum supply of shares of NEO available AND what approximate year will the maximum supply be at (ie 2040)?

### STEPS 31-33: Country, Accounting and Bug Risks of Investing in NEO

**STEP 31:** If applicable, who is the auditor of NEO and are they reputable/well known in their country of origin or country of incorporation?

**STEP 32:** Are there any notable country or regulatory risks when it comes to NEO that might hurt the ability of NEO to be successful in the long-run when compared to other cryptocurrencies?

**STEP 33:** Are there any code bugs for NEO that are a concern for investors?

### STEPS 34-35: What would make you MUCH MORE or MUCH LESS positive on NEO?

**STEP 34:** What would make you MUCH MORE positive on NEO (meaning what news development, contract, etc would make you much more positive)?

**STEP 35:** What would make you MUCH LESS positive on NEO (meaning what news development, contract, etc would make you much less positive)?

### STEPS 36-39: Mining Incentives, Reddit & Twitter Followers for NEO

**STEP 36:** What is the current supply of shares of NEO available today?

**STEP 37:** How is NEO different from other cryptocurrencies (in addition to differences in security protocols if applicable)?

**STEP 38:** If applicable, who is the auditor of NEO and are they reputable/well known in their country of origin or country of incorporation?

**STEP 39:** Are there any notable country or regulatory risks when it comes to NEO that might hurt the ability of NEO to be successful in the long-run when compared to other cryptocurrencies?
STEP 36: Is there an economic incentive for people to improve NEO (ie through mining etc? Please explain)

STEP 37: How many Reddit does NEO have?

STEP 38: How many Twitter does NEO have?

[Optional] Write in the space below the name of another social media company like Twitter that is worth tracking in your country when doing research on NEO and comment on the metrics relative to other cryptocurrencies similar to what you have done in Step 38.

STEP 39: [Optional] What is the name of another social media company like Twitter that is worth tracking in your country when doing research on NEO and comment on the metrics relative to other cryptocurrencies? Please also explain how many Twitter readers does NEO have?

STEP 40: What % of all of the money in the world do you think will be in cryptos in 20 years (we need to think long term when analyzing crypto)? Use the grey up & down arrows on the right to select your answer or just type in your value in the yellow box:

Based on your answer of 20%, this implies that your 20 year estimate of the value of the price of NEO will be 45,000 US dollars.

STEP 41: What percent of the ENTIRE cryptocurrency market do you think NEO will have in cryptocurrencies in 20 years? Use the grey up and down arrows on the right to select your answer in the green box...or just type your answer in the green box:

Based on your answer of 10%, this implies that your 20 year estimate of the value of the market cap of NEO will be 900,000,000,000 US dollars.

STEP 42: What do you think the supply of coins for NEO will be in 20 years? Use the grey up and down arrows on the right to select your answer in the orange box...or just type your answer in the orange box. You can use the answers in Steps 29 and 30 if you want to:

Based on your answer of 20 million coins, this implies that your 20 year estimate of the value of the price of NEO will be 45,000 US dollars.

WHAT ABOUT DISCOUNTING THE FUTURE VALUE? You might now be thinking that if we are forecasting what the target price will be in the future, then we should discount that future price into today's amount as a dollar that we receive in the future is worth less than a dollar that we receive today (if that sounds confusing, please make sure to watch the lecture called "[A+B] Steps 40-43: Estimating on the Long-Term Target Price on the Crypto..." and think of the reverse logic...meaning if we invested $1 in the bank today, it would be worth more in the future because of interest that we would make in our bank account...so we would prefer to get that $1 today rather than in the future. The math below will clear this up).

[Optional] STEPS 43: If you wanted to discount the future price into today's value using your own discount number of years and your own interest rate, then please plug those 2 parameters into the boxes on the right to get a more conservative discounted price as of today.

Based on your assumptions listed above, the target price for NEO is $45,000
Based on all of the assumptions listed above, and using a discount time period of 20 years and using a discount interest rate of 10%, the target price for NEO is $6,689.

### STEPS 44-49: Technical Analysis for NEO

Please watch the lesson mentioned in the yellow box on the left before looking at the technical analysis concepts below. Please note that the aforementioned lesson will explain how to look at charts when you do your technical analysis (please please please focus much more time on your long term fundamental analysis instead of technical analysis).

**NEO Price:**

**STEP 44: AVERAGE 3 MONTH VOLUME DATA:**

<table>
<thead>
<tr>
<th>Average 3 Month Daily Volume for NEO</th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Avg. 3 Month Daily Volume for NEO in US $</td>
<td></td>
<td></td>
</tr>
<tr>
<td>3 Month Daily Volume for NEO in Canadian dollars</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Please look at the average 3 month volume of NEO in the data for Step 44. Is this cryptocurrency liquid enough for you to easily buy or sell in 1 trading day? Please enter your comment below.

**STEP 45: 52 WEEK HIGH DATA:**

<table>
<thead>
<tr>
<th>52 Week High</th>
<th>$ Change from 52 Week High</th>
<th>% Change from 52 Week High</th>
</tr>
</thead>
</table>

Please look at the price of the 52 week high for NEO in the data for Step 45 and comment on the data below.

**STEP 46: 52 WEEK LOW DATA:**

<table>
<thead>
<tr>
<th>52 Week Low</th>
<th>$ Change from 52 Week Low</th>
<th>% Change from 52 Week Low</th>
</tr>
</thead>
</table>

Please look at the price of the 52 week low for NEO in the data for Step 46 and comment on the data below.

**STEP 47: 50 DAY MOVING AVERAGE DATA:**

<table>
<thead>
<tr>
<th>50 Day Moving Average</th>
<th>$ Change from 50 Day</th>
<th>% Change from 50 Day</th>
</tr>
</thead>
</table>

Please look at the price of the 50 day moving average for NEO in the data for Step 47 and comment on the data below.

**STEP 48: 200 DAY MOVING AVERAGE DATA:**

<table>
<thead>
<tr>
<th>200 Day Moving Average</th>
<th>$ Change from 200 Day</th>
<th>% Change from 200 Day</th>
</tr>
</thead>
</table>

Please look at the price of the 200 day moving average for NEO in the data for Step 48 and comment on the data below.

**STEP 49: RELATIVE STRENGTH INDEX (RSI):**

**What is the RSI and How Should I Consider Using the RSI Data?** If you want, please watch the lesson mentioned in the yellow shaded column on the left before starting before reading the rest of Step 49. The Relative Strength Index (RSI) can indicate if too many people have been buying or selling and a technical mean reversion chart movement could occur (I generally love buying when everyone else is selling and vice versa as long as I love the underlying long term fundamentals on the underlying cryptocurrency).%

**Potential Buy Indication Using the RSI:** An RSI close to 20, indicates that the cryptocurrency may be oversold, which is a great buy signal if you love the long term fundamentals.

**Potential Sell Indication Using the RSI:** If the RSI is close to 80, then this could indicate that you might want sell and book a little bit of profit and hopefully buy the cryptocurrency back at a lower level (when it is no longer overbought). There is nothing wrong with booking a little bit of profit by trading every now and then...but we are more focused on being long-term investors.

Click any cryptocurrency button below to see its RSI chart. If you don’t see RSI at the bottom of the chart after clicking on one of the buttons below, then click on INDICATOR in the top left hand corner after you click the button and add the RSI. Make sure you are using the most recent dates on the chart. If you get an error message in your browser, go to finance.yahoo.com and create the chart for whatever crypto you are using. Thanks

If you want, please enter your thoughts on the RSI chart that you looked at in the space below:

Here is an example on how to complete this RSI comment: “oversold now at an RSI near 20 (means a buy indication ONLY if you are long term positive on the fundamentals of this cryptocurrency based on your research in the many many steps completed above me on this report) ...or... “overbought now at an RSI near 80 (means I might consider taking a bit of profit if I own this cryptocurrency and buy that small amount back at a lower RSI)...or if you want to start a position, then it might not be the right time given how overbought the RSI indicator suggests.”

[Please read the contents of the yellow box below thanks.]

If you do our thorough research on any investment, then we are more likely to be longer-term focused (if we like the fundamentals based on our research process). This will ensure that we don’t sell at the worst time and vice versa like most investors do (which often creates opportunities for the better informed investors to profit in the long run). Of course, and as a disclosure, positive returns are not guaranteed by this course...I just want to help you understand how to research investments. Thanks.
