APPENDIX A
OneOhio MOU

ONE OHIO MEMORANDUM OF UNDERSTANDING

Whereas, the people of the State of Ohio and its communities have been harmed by misfeasance, nonfeasance and malfeasance committed by certain entities within the Pharmaceutical Supply Chain; and,

Whereas, the State of Ohio, through its Attorney General, and certain Local Governments, through their elected representatives and counsel, are separately engaged in litigation seeking to hold Pharmaceutical Supply Chain Participants accountable for the damage caused by their misfeasance, nonfeasance and malfeasance; and,

Whereas, the State of Ohio, through its Governor and Attorney General, and its Local Governments share a common desire to abate and alleviate the impacts of that misfeasance, nonfeasance and malfeasance throughout the State of Ohio;

Now therefore, the State and its Local Governments, subject to completing formal documents effectuating the Parties' agreements, enter into this Memorandum of Understanding ("MOU") relating to the allocation and use of the proceeds of Settlements described.

A. Definitions

As used in this MOU:

1. "The State" shall mean the State of Ohio acting through its Governor and Attorney General.
2. "Local Government(s)" shall mean all counties, townships, cities and villages within the geographic boundaries of the State of Ohio.
3. "The Parties" shall mean the State of Ohio, the Local Governments and the Plaintiffs' Executive Committee of the National Prescription Opiate Multidistrict Litigation.
4. "Negotiating Committee" shall mean a three-member group comprising one representative for each of (1) the State; (2) the Plaintiffs' Executive Committee of the National Prescription Opiate Multidistrict Litigation ("PEC"); and (3) Ohio Local Governments (collectively, "Members"). The State shall be represented by the Ohio Attorney General or his designee. The PEC shall be represented by attorney Joe Rice or his designee. Ohio Local Governments shall be represented by attorney Frank Gallucci, or attorney Russell Budd or their designee.
5. "Settlement" shall mean the negotiated resolution of legal or equitable claims against a Pharmaceutical Supply Chain Participant when that resolution has been jointly entered into by the State, PEC and the Local Governments.

6. “Opioid Funds” shall mean monetary amounts obtained through a Settlement as defined in this Memorandum of Understanding.
7. “Approved Purpose(s)” shall mean evidence-based forward-looking strategies, programming and services used to (i) expand the availability of treatment for individuals affected by substance use disorders, (ii) develop, promote and provide evidence-based substance use prevention strategies, (iii) provide substance use avoidance and awareness education, (iv) decrease the oversupply of licit and illicit opioids, and (v) support recovery from addiction services performed by qualified and appropriately licensed providers, as is further set forth in the agreed Opioid Abatement Strategies attached as Exhibit A. For purposes of the Local Government Share, “Approved Purpose(s)” will also include past expenditures.
8. “Pharmaceutical Supply Chain” shall mean the process and channels through which Controlled Substances are manufactured, marketed, promoted, distributed or dispensed.
9. “Pharmaceutical Supply Chain Participant” shall mean any entity that engages in or has engaged in the manufacture, marketing, promotion, distribution or dispensing of an opioid analgesic.

B. Allocation of Settlement Proceeds

1. All Opioid Funds shall be divided with 30% going to Local Governments (“LG Share”), 55% to the Foundation (structure described below) (“Foundation Share”), and 15% to the Office of the Ohio Attorney General as Counsel for the State of Ohio (“State Share”).
2. All Opioid Funds, regardless of allocation, shall be utilized in a manner consistent with the Approved Purposes definition. The LG Share may also be used for past expenditures so long as the expenditures were made for purposes consistent with the remaining provisions of the Approved Purposes definition. Prior to using any portion of the LG Share as restitution for past expenditures, a Local Government shall pass a resolution or take equivalent governmental action that explains its determination that its prior expenditures for Approved Purposes are greater than or equal to the amount of the LG Share that the Local Government seeks to use for restitution.
3. The division of Opioid Funds paid to Local Governments participating in an individual settlement shall be based on the allocation created and agreed to by the Local Governments which assigns each Local Government a percentage share of Opioid Funds. The allocations are set forth in Exhibit B. With respect to Opioid Funds, the allocation shall be static.
4. In the event a Local Government merges, dissolves, or ceases to exist, the allocation percentage for that Local Government shall be redistributed equitably based on the

composition of the successor Local Government. If a Local Government for any reason is excluded from a specific settlement, the allocation percentage for that Local Government shall be redistributed equitably among the participating Local Governments.

5. If the LG Share is less than \$500, then that amount will instead be distributed to the county in which the Local Government lies to allow practical application of the abatement remedy.
6. Funds obtained from parties unrelated to the Litigation, via grant, bequest, gift or the like, separate and distinct from the Litigation, may be directed to the Foundation and disbursed as set forth below.
7. The LG Share shall be paid in cash and directly to Local Governments under a settlement or judgment, or through an administrator designated in the settlement documents who shall hold the funds in trust in a segregated account to benefit the Local Governments to be promptly distributed as set forth herein.
8. Nothing in this MOU should alter or change any Local Government's rights to pursue its own claim. Rather, the intent of this MOU is to join all parties to seek and negotiate binding settlement or settlements with one or more defendants for all parties within Ohio.
9. Opioid Funds directed to the Foundation shall be used to benefit the local community consistent with the by-laws of the Foundation documents and disbursed as set forth below.
10. The State of Ohio and the Local Governments understand and acknowledge that additional steps should be undertaken to assist the Foundation in its mission, at a predictable level of funding, regardless of external factors.
11. The Parties will take the necessary steps to ensure there is the ability of a direct right of action under the expedited docket rules to the Ohio Supreme Court relative to any alleged abuse of discretion by the Foundation.

C. Payment of Counsel and Litigation Expenses

1. The Parties agree to establish a Local Government Fee Fund ("LGFF") to compensate counsel for Local Governments if the Parties cannot secure the separate payment of fees and associated litigation expenses for their counsel from a settling entity.
2. The LGFF shall be calculated by taking 11.05% of the total monetary component of any settlement accepted ("LGFF Amount"). Fees related to product or other items of value shall be addressed case by case.

3. The first 45% of the LGFF amount shall be drawn from the LG Share. The remaining 55% shall be drawn from the Foundation Share. No portion of the LGFF Amount may be assessed against or drawn from the State Share.
4. To the extent the Parties can secure the separate payment of fees and associated litigation expenses from a settling entity, the amount to be drawn for the LGFF will be proportionally reduced.
5. This LGFF Amount will be deposited into the LGFF and shall be utilized for purposes of satisfying Local Government contingent fee contracts. In the absence of a National Prescription Opiate MDL settlement with any defendant settling through this One Ohio Memorandum of Understanding, the LGFF may be subject to a common benefit assessment. In the event of a common benefit assessment, the assessment shall be paid from the LGFF and in no instance shall an assessment cause the LGFF to be more than 11.05% of the total monetary component of any settlement accepted. In no instance shall any assessment be collected from the State Share, Foundation Share or Local Government Share.
6. Local Government contingent fee contracts shall be capped at 25% or the actual contract rate whichever is less. Eligible contingent fee contracts shall be executed as of March 6, 2020 and subject to review by the committee designated to oversee the Local Government Fee Fund.
7. Common Benefit awards will be coordinated as set forth in the M.D.L. Common Benefit Fee Order. Expenses will be addressed consistent with the manner utilized in the M.D.L.
8. Any balance left in the LGFF following the payment of fees shall revert to the Foundation.
9. Any attorney fees related to representation of the State of Ohio shall not be paid from the LGFF but paid directly from the State Share or through other sources.

D. The Foundation

1. The State of Ohio will be divided into 19 Regions (See attached Exhibit C). Eight of the regions will be single or two county metropolitan regions. Eleven of the regions will be multi-county, non-metropolitan regions.
2. Each Region shall create their own governance structure so it ensures all Local Governments have input and equitable representation regarding regional decisions including representation on the board and selection of projects to be funded from the region's Regional Share. The Expert Panel (defined below) may consult with and may make recommendations to Regions on projects to be funded. Regions shall have the responsibility to make decisions that will allocate funds to projects that will equitably serve the needs of the entire Region.

3. The Parties shall create a private 501(c)(3) foundation (“Foundation”) with a governing board (“Board”), a panel of experts (“Expert Panel”), and such other regional entities as may be necessary for the purpose of receiving and disbursing Opioid Funds and other purposes as set forth both herein and in the documents establishing the Foundation. The Foundation will allow Local Governments to take advantage of economies of scale and will partner with the State of Ohio to increase revenue streams.
4. Board Composition
 - a. The Board will consist of 29 members comprising representation from four classes:
 - Six members selected by the State (five selected by the Governor and one selected by the Attorney General);
 - Four members drawn from the Legislature
 - One representative selected by the President of the Ohio Senate;
 - One representative selected by the Ohio Senate Minority Leader;
 - One representative selected by the Speaker of the Ohio House of Representatives; and,
 - One representative selected by the Ohio House Minority Leader
 - Eleven members with one member selected from each non-metropolitan Regions; and
 - Eight members, with one member selected from each metropolitan Regions.
 - b. All board members shall serve as fiduciaries of the Foundation as required by Ohio Revised Code § 1702.30(B) governing directors of nonprofit corporations.
5. Board terms will be staggered. Five members, (one from each of the first three classes above, and two from the metropolitan class) will be appointed for an initial three-year term, eight members of the Board (two from the first class, including the Attorney General’s representative, one from the second class, four from the third class, and one from the fourth class) will be appointed for an initial term of one

year. The remaining members will be appointed for a two-year term. Board members may be reappointed. All subsequent terms will be for two years.

6. Eighteen members of the Board shall constitute a quorum. Members of the Board may participate in meetings by telephone or video conference or may select a designee to attend and vote if the Board member is unavailable to attend a board meeting.
7. In all votes of the Board, a measure shall pass if a quorum is present, the measure receives the affirmative votes from a majority of those board members voting, and at least one member from each of the four classes of Board members votes in the affirmative.
8. The Foundation shall have an Executive Director appointed by the Governor.
 - a. The Governor shall appoint the Executive Director at his or her discretion from a list of three candidates provided to the Governor by the Board. If the Governor finds all three candidates to be unsatisfactory, the Governor may reject all three candidates and request the Board to provide three new persons to select from.
 - b. In choosing candidates to be submitted to the Governor, the Board shall seek candidates with at least six (6) years of experience in addiction, mental health and/or public health and who shall have management experience in those fields.
 - c. No funds derived from the Foundation Share shall be used to pay the Executive Director or any of the foundation staff in excess of the maximum range (range 42) of the Department of Administrative Services Exempt Schedule E2 or that schedule's successor.
 - d. The Executive Director shall serve as an ex officio, non-voting member of both the Board and the Expert Panel.
9. The Board shall appoint the Expert Panel. The Expert Panel shall consist of six members submitted by the Board Members representing the Local Governments, two members submitted by the Governor and one member submitted by the Attorney General. Expert Panel members may be members of Local Governments or the State. The Expert Panel will utilize experts in addiction, pain management, public health and other opioid related fields to make recommendations that will seek to ensure that all 19 regions can address the opioid epidemic both locally and statewide. Expert Panel members may also be members of the Foundation Board, but need not be.
10. The Foundation Board and the Regions shall be guided by the recognition that expenditures should ensure both the efficient and effective abatement of the opioid

epidemic and the prevention of future addiction and substance misuse. In recognition of these core principles, the Board and the Regions shall endeavor to assure there are funds disbursed each year to support evidence-based substance abuse/misuse prevention efforts.

11. Disbursement of Foundation Funds by the Board

- a. The Foundation Board shall develop and approve procedures for the disbursement of Opioid Funds of the Foundation consistent with this Memorandum of Understanding.
- b. Funds for statewide programs, innovation, research, and education may also be expended by the Foundation. Any statewide programs funded from the Foundation Share would be only as directed by an affirmative vote of the Board as set forth in paragraph D(7) above. Expenditures for these purposes may also be funded by the Foundation with funds received from either the State Share (as directed by the State) or from sources other than Opioid Funds as provided in paragraph 14 below.
- c. Funds approved for disbursement to the nineteen Regions shall be allocated based on each Region's share of Opioid Funds ("Regional Share"). Each Regional Share shall be calculated by summing the individual percentage shares of the Local Governments within that Region as set forth in Exhibit B. The Regional Shares for each Region are set forth in Exhibit D.
- d. Regions may collaborate with other Regions to submit joint proposals to be paid for from the Regional Shares of two or more Regions for the use of those Regions.
- e. The Foundation's procedures shall set forth the role of the Expert Panel and the Board in advising, determining, and/or approving disbursements of Opioid Funds for Approved Purposes by either the Board or the Regions. Proposed disbursements to Regions of Regional Shares shall be reviewed only to determine whether the proposed disbursement meets the criteria for Approved Purposes.
- f. Within 90 days of the first receipt of any Opioid Funds and annually thereafter, the Board, assisted by its investment advisors and Expert Panel, shall determine the amount and timing of Foundation funds to be distributed as Regional Shares. In making this determination, the Board shall consider: (a) Pending requests for Opioid Funds from Regions; (b) the total Opioid Funds available; (c) the timing of anticipated receipts of future Opioid Funds; (d) non-Opioid Funds received by the Foundation; and (e) investment income. The Foundation may disburse its principal and interest with the aim towards an efficient, expeditious abatement of the Opioid crisis considering long term and short term strategies.

Speak publicly on behalf of the Negotiating Committee without consent from the other Committee Members.

5. The State of Ohio, the PEC or the Local Governments may withdraw from coordinated Settlement discussions detailed in this Section upon 5 days' written notice to the remaining Committee Members and counsel for any affected Pharmaceutical Supply Chain Participant. The withdrawal of any Member releases the remaining Committee Members from the restrictions and obligations in this Section.
6. The obligations in this Section shall not affect any Party's right to proceed with trial or, within 30 days of the date upon which a trial involving that Party's claims against a specific Pharmaceutical Supply Chain Participant is scheduled to begin, reach a case specific resolution with that particular Pharmaceutical Supply Chain Participant.

Acknowledgment of Agreement

We the undersigned have participated in the drafting of the above Memorandum of Understanding including consideration based on comments solicited from Local Governments. This document has been collaboratively drafted to maintain all individual claims while allowing the State and Local Governments to cooperate in exploring all possible means of resolution. Nothing in this agreement binds any party to a specific outcome. Any resolution under this document will require acceptance by the State of Ohio and the Local Governments.

We the undersigned ACCEPT / REJECT (Circle One) the One Ohio Memorandum of Understanding (“MOU”). We understand that the purpose of this MOU is to permit collaboration between the State of Ohio and Local Governments to explore and potentially effectuating earlier resolution of the Opioid Litigation against Pharmaceutical Supply Chain Participants. We also understand that an additional purpose is to create an effective means of distributing any potential settlement funds obtained under this MOU between the State of Ohio and Local Governments in a manner and means that would promote an effective and meaningful use of the funds in abating the opioid epidemic throughout Ohio.

OHIO ABATEMENT STRATEGIES

Opioid-Related Definition:

Funds from any settlement dollars should be used to prevent, treat and support recovery from addiction including opioids and/or any other co-occurring substance use and/or mental health conditions which are all long-lasting (chronic) diseases that can cause major health, social, and economic problems at the individual, family and/or community level.

Ohio Abatement Strategy Overview

Similar to and including many national settlement strategies, to abate addiction in Ohio, we have created an abatement plan that includes three main components that will work collaboratively to address Ohio's needs and also serve as a complement to and should be integrated with all other state and local government plans:

1. **Strategies for Community Recovery:** Included but not limited to prevention, treatment, recovery support and community recovery projects (examples include child welfare, law enforcement strategies and other infrastructure supports). These strategies have a hyper-local focus that allows communities to collaborate and expand necessary services to their community.
2. **Strategies for Statewide Innovation & Recovery:** Included but are not limited to strategies included in Community Recovery Component but also projects that promote statewide change and regional development for prevention, treatment, recovery supports and community recovery (examples include regional treatment hubs, drug task forces, data collection and dissemination). This component also includes research and development to understand how to better serve individuals and families in Ohio.
3. **Strategies for Sustainability:** Ohio's addiction and mental health epidemic was not created overnight, and it will not go away immediately. By collaborating to share resources and knowledge, Ohio's state and local communities can build a sustainable financing strategy and infrastructure to reverse the damage that has been done and prevent future epidemics and crises.

PART ONE: Community Recovery

Treatment

Expanding availability of treatment, including Medication-Assisted Treatment (MAT), for OUD and any co-occurring substance use or mental health condition.

Trauma-informed treatment services and support for individuals, their children and family members who have experienced trauma during their lives including trauma as a result of addiction in the family.

Expand access and support infrastructure developments for telemedicine / telehealth services to increase access to OUD treatment, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.

Improve oversight and quality assurance of Opioid Treatment Programs (OTPs) to assure evidence-informed practices such as adequate methadone dosing.

Engage non-profits and faith community to uncover and leverage current community faith-based prevention, treatment and recovery support in partnership with medical and social service sectors.

Expand culturally appropriate services and programs that address health disparities in treatment for persons with mental health and substance use disorders, including for programs for vulnerable populations (i.e. homeless, youth in foster care, etc.); citizens of racial, ethnic, geographic and socio-economic differences, and new Americans to ensure that all Ohioans have access and treatment and recovery support services that meet their needs.

Development of National Treatment Availability Clearinghouse – Fund development of a multistate/nationally accessible database whereby healthcare providers can list locations for currently available in-patient and out-patient OUD treatment services that are both timely and accessible to all persons who seek treatment.

Ensure that each patient's needs and treatment recommendations are determined by a qualified clinical professional. Offer training and practice support to clinicians on the American Society of Addiction Medicine (ASAM) levels of care (or other models) and the most effective methods of treatment continuation between levels of care for people with addiction including opioids and any other co-occurring substance use or mental health conditions and make all levels of care available to all Ohioans.

Early Intervention and Crisis Support

Fund the expansion, training and integration of Screening, Brief Intervention and Referral to Treatment (SBIRT) and Screening, Treatment Initiation and Referral (STIR) programs and ensure that healthcare providers are screening for addiction and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for mental health and substance use disorders.

Support work of Emergency Medical Systems, including peer support specialists, to effectively connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.

Create an intake and call center to facilitate education and access to treatment, prevention and recovery services for persons with addiction including opioids and any co-occurring substance use or mental health conditions.

Create a plan to meet the distinct needs of families of children and youths who experience severe emotional disorders and provide respite and support for these caregivers to reduce family crisis and promote treatment.

Create community-based intervention services for families, youth, and adolescents at-risk for addiction including opioids and any co-occurring substance use or mental health conditions.

Create school-based contacts who parents can engage with to seek immediate treatment services for their child.

Develop best practices on addressing individuals with addiction in the workplace, including opioids and any other co-occurring substance use or mental health conditions.

Implement and support assistance programs for healthcare providers with OUD and any co-occurring substance use disorders or mental health (SUD/MH) conditions.

Address the Needs of Criminal-Justice Involved Persons

Address the needs of persons involved in the criminal justice system who have opioid use disorder (OUD) and any co-occurring substance use disorders or mental health (SUD/MH) conditions.

Support pre-arrest diversion and deflection strategies for persons with addiction including opioids and any other co-occurring substance use or mental health conditions, including established strategies such as sequential intercept mapping and other active outreach strategies such as the Drug Abuse Response Team (DART) or Quick Response Team (QRT) models or other co-responder models that engage people not actively engaged in treatment.

Support pre-trial services that connect individuals with addiction including opioids and any other co-occurring substance use or mental health conditions to evidence-informed treatment, including MAT, and related services.

Support treatment and recovery courts for persons with addiction including opioids and any other co-occurring substance use or mental health conditions, but only if these problem-solving courts provide referrals to evidence-informed treatment, including MAT.

Provide evidence-informed treatment, including MAT, evidence-based psychotherapies, recovery support, harm reduction, or other appropriate services to individuals with addiction

including opioids and any other co-occurring substance use or mental health conditions who are incarcerated, on probation, or on parole.

Provide technical assistance to increase the quantity and capacity of high-quality programs that model and support successful recovery.

Training and development of procedures for government staff to appropriately interact and provide social and other services to current and recovering opioid users. To reduce stigma and to normalize a culture of recovery, government staff will be provided with onboarding and training that generates a cultural shift and provides all government employees with tool and resources to feel supported and to support colleagues who may be struggling with substance use disorder.

Convene community conversations and trainings that engage non-profits, civic clubs, the faith-based community, and other stakeholders in training and techniques for providing referrals and supports to those persons to family and friends struggling with substance use disorder.

Investment in school and community-based prevention efforts and curriculum that has demonstrated effectiveness in reducing Adverse Childhood Events (ACEs) and their impact by increasing resiliency, and preventing risk-taking, unhealthy or dangerous behaviors such as: drug use, misuse, early alcohol use, and suicide attempts.

Assist coalitions and community stakeholders in aligning state, federal, and local resources to maximize procurement of school and community education curricula, programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, aging and elderly community members and others in an effort to build a comprehensive prevention and education response that addresses prevention across the lifespan.

Integration of PDMP data with electronic health records, overdose episodes, and decision support tools for healthcare providers relating to opioid use disorder (OUD) and other drugs of concern.

Prevent Overdose Deaths and Other Harms (Harm Reduction)

Increase availability and distribution of naloxone and other drugs that treat overdoses for use by first responders, persons who have experienced an overdose event, patients who are currently prescribed opioids, families, schools, community-based service providers, social workers, and other members of the general public.

Fund additional positions and services, including supportive housing and other residential services to serve children living apart from custodial parents and/or placed in foster care due to custodial opioid use.

Expand collaboration among organizations meeting the prevention, treatment, and recovery needs of Ohio's young people and organizations serving youths, such as Boys & Girls Clubs, YMCAs and others. A government dashboard to track key opioid/and addiction-related indicators and supports as identified through collaborative community processes.

Provide funding for grant writing to assist already established community coalitions in securing state and federal grant dollars for capacity building and sustainability.

Stigma Reduction, Training and Education

Commission statewide campaigns to address stigma against people with mental illness and substance use disorders. Stigma and misinformation deeply embed the deadly consequences of Ohio's public health crisis. These prevent families from seeking help, fuel harmful misperceptions and stereotypes in Ohio communities, and can discourage medical professionals from providing evidence-informed consultation and care. Ohio's campaign to end stigma should include chronic disease education; evidence-based prevention, treatment, and harm reduction strategies; stories of recovery; and a constant reframing of mental illness and addiction from a personal moral failing to a treatable chronic illness.

Coordinate public and professional training opportunities that expand the understanding and awareness of adverse childhood experiences (ACEs) and psychological trauma, effective treatment models, and the use of medications that aid in the acute care and chronic disease management of both mental illness and addiction.

Strengthen the citizen workforce by providing community-based trainings, such as Mental Health First Aid, Crisis Intervention Training, naloxone administration, and suicide prevention. These best practice trainings should be allowable as Continuing Education Units for professional development and when offered in an educational setting, provide academic credit.

Invest in public health education campaigns that inform audiences about the ease of contraction of hepatitis C, and that engage persons at-risk to receive testing and treatment.

Convene and host community conversations and events that engage local non-profits, civic clubs, and the faith-based community as a system to support prevention.

Fund programs and services regarding staff training, networking, and practice to improve staff capability to abate the opioid crisis.

Support infrastructure and staffing for collaborative cross-systems coordination to prevent opioid misuse, prevent overdoses, and treat those with addiction including opioids and/or any other co-occurring substance use and/or mental health conditions (e.g. behavioral health prevention, treatment, and recovery services providers, healthcare, primary care, pharmacies, PDMPs).

Support community-wide stigma reduction regarding accessing treatment and support for persons with substance use disorders.

RESEARCH

Ensuring that funding is flexible to invest in short and long-term research and innovation projects that embrace new advances, technology and other strategies that meet the needs of Ohioans today and in the future.

Dear Ms. Sweterlitsch,

Thank you for contacting the Ohio Ethics Commission regarding the OneOhio Foundation and the Regional Boards established as part of the opioid litigation settlement. This letter¹ is based on our telephone conversation on January 26, 2022, information contained in your February 8, 2022 email, and the materials you provided to the Commission, including: the OneOhio Memorandum of Understanding Toolkit for Local Governments; the Guidance on OneOhio Region Governance and Structure Memorandum (dated January 4, 2022); and the OneOhio Memorandum of Understanding.

You asked two questions:

1. Are members of the governing board of the OneOhio Foundation (Foundation) “public officials or employees” for the purposes of the conflict of interest laws contained in Revised Code Chapter 102?
2. Are members of the Regional Boards “public officials or employees” for the purposes of the conflict of interest laws contained in Revised Code Chapter 102?

Brief Answer

At this time, the Commission cannot provide an opinion under R.C. 102.08 because it is unknown whether the Foundation will obtain tax exempt status from the Internal Revenue Service and the Regional Boards have not yet been formed. However, the Commission can provide guidance that describes under what circumstances these entities and their members would be considered public agencies and public employees for purposes of the Ethics Law.

What is a Public Agency?

R.C. 102.01(C)(1) defines a public agency as “the general assembly, all courts, any department, division, institution, board, commission, authority, bureau or other instrumentality of the state, a county, city, village, or township, the five state retirement systems, or any other governmental entity.” R.C. 102.01(C)(2) states, in relevant part, that “public agency” does not include:

“A department, division, institution, board, commission, authority, or other instrumentality of the state or a county, municipal corporation, township, or other governmental entity that functions exclusively for cultural, educational, historical, humanitarian, advisory, or research purposes; that does not expend more than ten thousand dollars per calendar year, excluding salaries and wages of employees; and whose members are uncompensated.”

The Commission has stated that a non-profit corporation is not a government agency for purposes of the Ethics Laws.²

Foundation Board

In the case of the Foundation, it remains to be determined whether or not the Foundation will receive tax exempt status under Section 501(c)(3) of the Internal Revenue Code.³ However, the Commission has stated that if a non-profit organization qualifies for tax exemption under Section 501(c)(3), then that organization is not a public agency for purposes of R.C. 102.⁴

Regional Boards

According to the materials you provided to the Commission, the structure of the Regional Boards is up to each region and there is no requirement that the Regional Boards incorporate in any particular form.⁵ The materials you provided recommend against creating an organization through an act of the government or establishing a private non-profit organization.⁶ An important factor to consider is that the definition of “public agency” contained in R.C. 102.01(C)(1) specifically includes regional councils of governments established under Revised Code Chapter 167.⁷ However, it is not possible at this time to determine whether each Regional Board is a public agency for purposes of R.C. 102.01 because these entities have not yet been formed.

Who is a Public Official or Employee?

R.C. 102.01(B) defines a public official or employee,⁸ in relevant part, as “any person who is elected or appointed to an office or is an employee of any public agency.”⁹ In breaking down the definition to its component parts, a “public official or employee” means any person who is: 1) elected or appointed; 2) to an office; 3) or is an employee;¹⁰ of 4) any public agency.

Foundation Board

In the case of the Foundation Board, as discussed above, if a non-profit organization qualifies for tax exemption under Section 501(c)(3), then that organization is not a public agency for purposes of the Ethics Laws. If a person is not working for a public agency, then the person is not a “public official or employee.”¹¹ Therefore, a member or employee of a non-profit corporation that qualifies for tax exemption under Section 501(c)(3) would not be a “public official or employee” for purposes of R.C. 102.01(B).¹² However, the Commission cannot reach any conclusion on the Foundation Board at this time because its status is still pending. If the Foundation

is denied tax exemption under Section 501(c)(3) by the Internal Revenue Service, please contact the Commission for further guidance.

Regional Boards

In the case of the Regional Boards, it is not possible at this time to determine whether they are a public agency because many of the regions have not yet formed their boards. However, the Commission has stated that a member of a board that is purely advisory in its function is not a public official or employee for purposes of R.C. 102.01 because he or she does not hold an “office.”¹³ The Ethics Commission has established five elements that, in combination, determine whether a person is “appointed to an office.” The Commission considers whether the person: (1) is appointed; (2) has a title; (3) exercises a function of government concerning the public; (4) is not subject to a contract of employment; and (5) exercises the “sovereign power” of government.¹⁴

For the Regional Boards, the key consideration in determining whether someone is subject to the Ethics Laws is whether he or she exercises “sovereign power.”¹⁵ The Commission has stated that “sovereign power” includes “the exercise of a duty entrusted to one by virtue of statute or some other public authority, a duty that is not merely clerical, but that involves discretionary, decision making qualities.”¹⁶ If a position does not have the power to exercise final decision-making authority, then the person does not exercise sovereign power and is not an officer, or appointed to an office, of a public agency.¹⁷

Based on the facts you provided, the duties of the Regional Boards are: 1) to select a board member to represent the Region on the Foundation Boards; and 2) to make recommendations regarding the selection of proposed projects to be funded from the region’s Regional Share that will equitably serve the entire regions. These duties appear to be advisory in nature and do not contemplate decision making or the exercise of discretionary authority. Rather, the Regional Boards appear to only have authority to make recommendations to the Foundation Board that, in turn, ultimately decides what projects to fund. If the role of the Regional Board does not include any ability to exercise “sovereign power” by making decisions and exercising discretionary authority, then the Regional Board would be purely advisory in nature and would not be subject to the provisions contained in the Ethics Laws.

Since the exact nature and role of the Regional Boards has not been established, the Commission cannot reach a conclusion on the status of the Regional Board members.

Additional Considerations

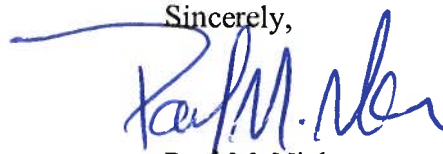

A person who is a public official or employee by virtue of his or her public position or employment is subject to the Ethics Laws regardless of whether he or she serves on the Foundation Board or any of the Regional Boards.¹⁸ A person does not lose his or her status as a public official or employee by taking a position on the Foundation Board or any of the Regional Boards. Based on Appendix F of the OneOhio Memorandum of Understanding Toolkit for Local Governments, the Foundation and the Regional Boards should include large numbers of private sector individuals and a limited number of public officials and employees. Those public officials and employees who

serve on the Foundation Board and any of the Regional Boards should be mindful of the Ethics Laws in their new roles.

This letter is limited to questions arising under Revised Code Chapter 102. and Sections 2921.42 and 2921.43 and does not purport to interpret other laws or rules. This letter is not an advisory opinion. It serves only to provide you with general information about the Ethics Law and Commission precedent and does not reach any conclusions as to the specific facts in the situations that you have set forth.

I hope this information is helpful to you.

Sincerely,

Paul M. Nick
Executive Director
