No Appointment Necessary!

Items parents need to bring:

School Insurance/Claim Form

If your athlete is covered by school insurance, he/she will need to bring a completed claim form as required by the school's insurance carrier.

Insurance Card

If your athlete is covered by health insurance, including Medicaid, he/she will need to bring their insurance card with them. If the student has Medicaid, we will need the name and the number of their primary care physician (PCP) so that we may obtain a referral for their treatment, especially if further imaging is required.
