

# AQUAA

Just like the rose that grew from concrete, rising pop artist and rapper Aquaa, born Cynthia Chene Anderson, is the mermaid-like Goddess singer born from a broken home. After dominating her local trap scene, the Washington DC, DMV-area raised artist now has her eyes set on becoming a truly versatile popstar.

Aquaa's influences include crossover superstars like Pink, Paramore, Nicki Minaj, Billie Elish, Doja Cat, Xxxtentacion and Lil Uzi Vert. In her young career she has already blessed the stage with popular hip hop acts including Lil Boosie, Rylo Rodriguez, Shy Glizzy, and Fat Trel.

Now Aquaa is channeling her natural rap, singing and song-writing ability with a sex appeal mystique like no other.

Listen to Aquaa's buzzing rock-inspired single 'What Do You Know?' now!
