

**EDUCATION MATTERS FOR FUTURE**

[hello@karibufoundation.org](mailto:hello@karibufoundation.org)

**It is never too late to give a child a happy childhood.**

**Date of formation:** February, 2021 with Registration Number ooNGO/R/1813.

**VISION:** To provide care support and education to orphans, low-income children and vulnerable children by mobilizing the power of volunteers and the generosity of donors as well as recruiting and paying local students and professionals from our country.

**MISSION:** To reach out to vulnerable and marginalized groups with access to health care services, information on legal and human right issues, education services and other social services through providing personnel-aid and financial support to social services organizations.

**CONSIDERING** The Government of Tanzania's vision to reduce illiteracy rate and meet the learning needs of all children is still not achieved. and thus, call for participations of all citizen to

voluntary support Government efforts to ensure that quality education is attained by all children from different background.

However, Education sector in Tanzania is still struggling to deliver quality education due to challenges facing provision of primary education which play a vital role in preparing children for higher education.

We do hereby freely and voluntarily associate together to strengthen, reinforce and consolidate efforts to empower orphans, vulnerable children and low-income children through working closely with Orphanage and children's centers. We also, advocate for Children's from poor families who lives within our community.

## JOY OF GOD ORPHANAGE LONG TERM NEEDS

### 1 To have our own house

Our long-term goal is to construct a house where children will be staying because currently, we are temporary living in a house given by a good Samaritan.

We were able to acquire land that was gifted to us. Thus, we are looking forward to rise some money so that we can build our own house.

Kindly help us to rise the amount of money needed to facilitate the construction, we are receiving all other kinds of help to make this possible.

### 2 Poultry farming

Currently we have only one project that is keeping chicken in our backyard. We have a total of 6 chicken due to the size of our coop. We are looking forward to raise the project to a large scale.

❖ **FARAJA ORPHANAGE**

of Arusha.

Faraja Orphanage Children's Home was established and obtained a full registration in 2008 by Faraja Maliaki and is a non-Governmental organization with the following registration number: 00NGO/08378. During inspiration and a strong feeling in his heart made him take action and he decided to open an orphanage for the main purpose to support children that come from difficult situations around the villages

We support and take care of children that come from difficult situations regardless of gender, tribe and religion. The children at the moment are between the ages of 10 months up to 18 years. Some children live with their parents/guardians but spend the day with us and some of the children is living with us permanently. Regardless of where they are living, we provide them as best as we can with food, shelter, clothes and love.

#### **SHORT TERM NEEDS**

- 1 Food
- 2 Clothes
- 3 Teaching materials and stationaries
- 4 Salaries to pay people who help us with the kids

#### **LONG TERM NEEDS**

- 1 Building a school that will support kids from vulnerable life from foundation level to primary school level.
- 2 Expansion of kids play ground

#### **SPONSORSHIP OF CHILDREN**

The core objective of Karibu foundation is making sure that vulnerable children and orphan get equal access to quality education. we focus on locating potential donors to help with funding children's education. Being a local initiative Karibu Foundation has partnered with Orphanages and children centers

to support them by making education accessible to the children.

The Education Sponsorship ideally starts before or latest at the time when the child enters the Primary school and lasts as a minimum until the termination in class 7 (7 years). Karibu Foundation provides support for the selection of suitable children in the partnered orphanages by involving the coordinators and teachers of the individual organizations as well as assisting in finding the appropriate schools.

Taking over an education sponsorship is the decision of the Sponsors. However, since a reliable financial basis is key for the successful education of the sponsored child, Karibu Foundation emphasizes the importance of the continuity of an individual Education Sponsorship, once started.

We appreciate those who have partnered with us to sponsor children's education, there is a room for more partners and organizations who are willing and able to sponsor other children.

## PROJECTS

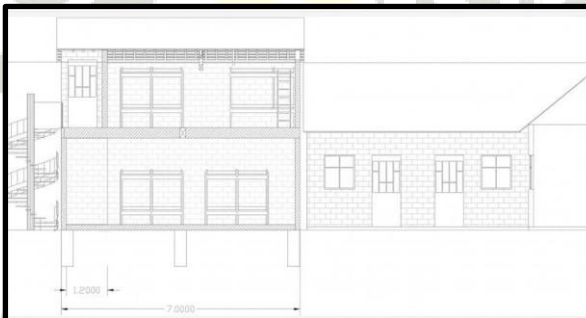

Karibu foundation works with more than 6 Orphanage centers to support vulnerable children and women, to ensure that orphans get quality shelter and education. With the help of individual donors and organizations we have been able to execute several projects to completion and some are still on progress and others are yet to start due to insufficient resources.

*Love Angels kitchen before demolition*

*On-going construction of new kitchen at Love Angels*

*Construction of dormitory for children at Evererate Orphanage*

COMPLETED PROJECTS	ON-GOING PROJECTS	PENDING PROJECTS
--------------------	-------------------	------------------

<p><b>1. Construction of 3 classrooms and a children's dormitory at Faraja Center.</b></p> <p><b>2. Purchase and installation of a water pump at Love Angels orphanage.</b> -To solve their water collection crisis.</p> <p><b>3. Water Tower Construction at Osiligi Orphanage</b> - A permanent water storage structure for the children.</p> <p><b>4. Introduction of a chicken business at Joy of God orphanage</b> - A business to help the orphanages be self-sustainable and depend less on donations.</p> <p><b>5. Introduction of a chicken business at Evenerate Orphanage</b> - A business to help the orphanages be self-sustainable and depend less on donations.</p> <p><b>6. Introduction of a chicken business at Love Angel's Orphanage.</b> - A business to help the orphanages be self-sustainable and depend less on donations.</p>	<p><b>1. Evenerate Malazi Project</b> -A double story building with two rooms to increase the space in which kids can be accommodated. Since at the moment they all (23) sleep in only two rooms.</p> <p><b>2. Love Angels kitchen project</b> -The kitchen at love angels was small, lacking storage area and built to very low standard to the extent that regulatory bodies wanted to close the centre if no renovation was done.</p> <p><b>3. Sucare day care construction</b> -A primary school with a capacity of up to 75 kids where children from SUCARE orphanage will go for free after they come of age. Run by selfless solutions so that good standard education can be accessible to as many vulnerable kids as possible.</p> <p><b>4. Osiligi children dormitory</b> -An expansion to the rooms where the kids can sleep at Osiligi. Structural work is already done, we are now on the finishing stage.</p>	<p><b>1. Wehaf plot purchase &amp; Construction</b> -WEHAF centre being a place offering entrepreneurship opportunities for vulnerable women, needs a location of its own. Big enough and well designed to accommodate enough women and their functional spaces.</p> <p><b>2. Locating customers for Wehaf products.</b> -Giving skills of producing products such as soap, cakes, clothes and paper bags, we help buying their products and look for customers for them.</p> <p><b>3. Furahia Orphanage expansion</b> -Insufficient number of rooms and classrooms for the kids calls for this centre to be expanded and spaces well-articulated</p> <p><b>4. Joy of God center construction</b> -They don't have a place of their own. The coordinator wasn't able to pay the rent at the previous house they lived in. They are currently in a temporary flat offered by a friend of her's. This calls for a whole construction of the centre. Good thing they already have an area allocated for this.</p> <p><b>5. E-learning program in Government primary schools</b> -One of the ways established after thorough research and accumulation of facts and date that English language taught in the primary level is the defining factor of the kid's success rate at secondary level in our country.</p> <p><b>6. Vocational training center for house keepers</b> - Housekeeping is one of the most crucial job opportunities for young men and women who</p>
