

# Are you creative and looking to contribute some FRESH ideas to the GOP?

Then look no further and JOIN our MCTXGOP Marketing Committee!

This coming election is important for all registered, and voting Americans. We need to use every form of social media to get the message out to Rally the Vote, Get Out the Vote, Blockwalking, and make sure that TRUE candidate information is getting into homes and in front of conservative eyes and ears that could help influence how the vote goes this November. No more lies. No more misinformation. No more censoring the TRUTH! We must take responsibility and take back control of our freedoms.
