

NYC DELIVERY WORKERS ARE ELIGIBLE FOR DISCOUNTED FIRE-SAFE E-BIKES

\$1500 REBATE TOWARD A TERN E-BIKE

Select delivery workers can trade their e-bike, e-scooter, or e-moped for a \$1500 rebate toward a UL2849-certified Tern Quick Haul with two Bosch batteries. After the rebate, e-bikes in this program will cost \$2,200 (plus tax). This represents a 40% discount off the retail price of \$3,775 (plus tax). Old vehicles and batteries will be safely recycled.

LOW MONTHLY PAYMENTS

A low-cost, 12-month loan with no credit score requirement is available from Spring Bank. Delivery workers who choose this option may be able to purchase their e-bike through low monthly payments. For example, a \$1,000 loan would cost about \$88/month, and a \$2,500 loan will cost about \$220/month.

The Spring Bank loan is available to individuals with an IDNYC, regardless of credit history. This loan provides an opportunity to build a positive credit history. For more information visit www.spring.bank/gogreen-cycle-loan.
