

# Corestone: The Core of a Solid Financial Portfolio

# A simple way to centrally manage your finances

Your financial life can be complex. Multiple accounts and separate statements can make managing your money a challenge. Now you can simplify your finances with Corestone®, our flexible cash management account. It lets you handle all of your daily activities—checking, investing, bill payments and much more—in one place.<sup>1</sup> Corestone combines nearly all aspects of your finances, so that you can save time, streamline your paperwork and more easily manage your money.

## More flexibility, greater convenience

With four different account levels there is a Corestone account to meet your needs. All investors receive:

- Daily sweep of cash, direct deposit included
- Unlimited check writing and initial check order included
- Apple Pay® and Google Pay™ mobile wallet compatibility
- BillSuite®, our online bill-paying service<sup>2</sup>
- Free voice response and live support

Corestone also delivers significant additional benefits depending on the account tier (Corestone Silver, Silver Plus, Gold, or Platinum), including:

- Free Visa® debit card with access to cash through a network of 55,000 ATMs
- Discounts for replacement check orders

## Corestone keeps you in control

Corestone lets you keep all your assets in one place, while allowing you to track your spending, write checks, make purchases on the go or get cash when you need it.

## Manage all your daily transactions in one place

Corestone makes it easy to deposit, move and access your money. You can establish secure, convenient direct deposit from your paycheck, Social Security, pension, IRA distribution or other sources of income. You can access cash any time through ATMs around the world, including free transactions at over 55,000 Allpoint® network ATMs.<sup>3</sup> Pay for your purchases on the go with a Silver Plus, Gold or Platinum Visa debit card and through the mobile wallet capabilities.

## Keep every dollar working hard for you

Corestone works to help you earn more from your idle cash. Each day, the uninvested cash in your portfolio is swept automatically into a sweep account.\* To help capture the full return potential of your equity investments, Gold and Platinum members can also have dividends automatically reinvested in the same securities at no added cost.

## Gain a new perspective on your finances

Corestone offers you a complete view of your cash, investments, income and spending in a single account. This way, you can easily track your activity and see your financial picture at a glance. You can see how much your money has earned, what your investments held on platform are worth and where your money has been spent.

Gold and Platinum account holders can see enhanced cost basis reports for their investments held on platform, as well as expenses sorted by category on monthly statements and year-end summaries. You can save time and streamline your paperwork with online account access and eDelivery for your statements.

Through the SelectLink® service, you can also consolidate all of your brokerage accounts on a single summary statement and view the complete net worth of each account or your entire household. By giving you fingertip access to account information, Corestone helps you make more informed choices about your finances. By taking advantage of houtholding in SelectLink®, you may also be able to take advantage of fee waivers for your Corestone account tier.

\* Park Avenue Securities utilizes the Dreyfus Insured Deposits Product V (DIDV) to automatically invest eligible cash balances in client accounts into interest bearing bank deposit accounts that provide FDIC insurance up to \$2,500,000 as part of its cash management sweep program.

## A range of choices to fit your needs

Whether you are just starting to build wealth, or already hold a large portfolio, you can find the right package of features—all included in one account. You can upgrade your benefits at any time to get the best value from Corestone.

## Streamline your purchases and bills

Conveniently manage your spending the way you want—by check, mobile wallet, by card or online—while receiving the benefits you deserve.

- Unlimited check writing
- BillSuite online bill payment offers flexible reports and email alerts
- Visa debit card for Silver Plus, Gold and Platinum accounts, plus purchase and travel protection at Gold and Platinum levels
- Discounts on standard wallet checks for Gold and Platinum accounts
- Free stop payment orders for Platinum accounts

## Understanding the protection of assets

### Securities Investor Protection Corporation (SIPC®) coverage

Pershing is a member of SIPC. Securities in your account are protected up to \$500,000. For details, please see [sipc.org](https://sipc.org).

### Excess of SIPC coverage through underwriters at Lloyd's and other commercial insurers

In addition to SIPC protection, Pershing provides coverage in excess of SIPC limits from certain underwriters in Lloyd's insurance market and other commercial insurers. The excess of SIPC coverage is valid through February 10, 2024 for Pershing LLC accounts. It provides the following protection for Pershing LLC's global client assets:

- An aggregate loss limit of \$1 billion for eligible securities — over all client accounts
- A per-client loss limit of \$1.9 million for cash awaiting reinvestment — within the aggregate loss limit of \$1 billion

SIPC and the excess of SIPC coverage do not protect against loss due to market fluctuation.

### Federal Deposit Insurance Corporation (FDIC) coverage

Park Avenue Securities utilizes the Dreyfus Insured Deposits Product V (DIDV) bank sweep to automatically invest eligible cash balances as part of its cash management sweep program, including the cash deposits in your Corestone account. Today, FDIC insurance covers both the principal and accrued interest in each bank account up to \$250,000 per depositor, for each FDIC-member bank where money is deposited. The Dreyfus Insured Deposit Program employs a “multi-bank” investment approach to help increase your total FDIC insurance coverage to \$2.5 million per account.

An excess of SIPC claim would only arise if Pershing failed financially and client assets for covered accounts — as defined by SIPC — cannot be located due to theft, misplacement, destruction, burglary, robbery, embezzlement, abstraction, failure to obtain or maintain possession or control of client securities, or to maintain the special reserve bank account required by applicable rules.

## Get the most from your debit card

Different sweep products may have different rates of return which may vary over time, may at times be zero, and have different terms and conditions, such as FDIC insurance or SIPC protection. PAS may not consider these differences when selecting a sweep product offering. Cash management sweep products are not intended for use as a long-term investment option and are best used for short periods of time. You may be able to earn a higher yield through a different investment, and you should consult with your Financial Professional about the PAS sweep program. Federal Deposit Insurance Corporation insured bank deposits are not protected by Securities Investor Protection Corporation.

Park Avenue Securities LLC (PAS) is a wholly-owned subsidiary of The Guardian Life Insurance Company of America (Guardian) and is located at 10 Hudson Yards, New York, NY 10001. PAS is a registered broker-dealer offering competitive investment products, as well as a registered investment adviser offering financial planning and investment advisory services. PAS is a member of FINRA and SIPC.

BNY Mellon and BNY Mellon Securities Corporation are not affiliates or subsidiaries of Guardian or PAS. Pershing, the clearing provider, and BNY Mellon Securities Corporation are subsidiaries of The Bank of New York Mellon Corporation.
