AltaOne’s mission is to improve the inequalities that exist in income, wealth, and access to financial solutions.
There is strength in numbers, especially when they come together as one. The Power of ONE speaks to the collective and positive influence of AltaOne on the residents and communities we serve. Beginning with a single mission and vision 75 years ago, our founders’ legacy continues today. For three-quarters of a century, AltaOne has been part of the fabric of our communities, growing and providing support, and it all started with a single idea: to help each other.

Throughout our history, we have impacted the financial lives of tens of thousands of members. We have celebrated financial highs with some and helped others escape financial lows. Collectively, AltaOne has been a force for good, helping the areas we call home to survive and thrive regardless of economic conditions, weather patterns, earthquakes, the COVID pandemic, and the opening/closing of businesses.

Over the years, we have grown our service area to help our neighboring communities, each with a proud, rich history and dynamic, powerful story to tell. Every city is filled with hard-working families eager to find the best financial path for their lives.

Together, as one, our impact continues to be great.

Co-Op Network

We joined the Co-Op Shared Branching and ATM network. This allows you, our members, access to over 5,600 branches and over 30,000 surcharged-free ATMs across the country and internationally. We believe that you should have access to your finances whether you are traveling within Californian or outside of the country.

New Branches

- **TEHACHAPI TUCKER ROAD BRANCH**
  We opened in June at a location vacated by a large regional bank. The bank had left the market which created a need for a business banking financial institution. We took the opportunity to place a branch in the same location, with even better products and services to support the Tehachapi business community.

- **RIDGECREST NORTH BRANCH**
  This branch was converted from an acquired Mission Bank branch. Like Tehachapi, a regional community bank was contemplating leaving the market. We saw the opportunity to purchase the branch and continue serving the Ridgecrest business community. This acquisition enabled us to expand our business banking, lending, and services to our whole membership.

Certified Community Development Financial Institution

We were recognized by the Department of the Treasury as a Certified Community Development Financial Institution (CDFI). We are now one of 480 credit unions operating nationwide that are certified mission-driven financial institutions, providing financial services to meet the needs of economically disadvantaged individuals within underserved communities. We remain committed to preventing “financial deserts” in our communities by providing services where other institutions won’t.

For more information on the impact the credit union has had for our members and communities, read the 2022 Impact Report on page 8 of this Annual Report.

Your credit union’s Board of Directors, Supervisory Committee and Staff would like to thank you for your continued support and membership with AltaOne. We look forward to continuing to bring financial freedom to you, our members, and our communities through new and innovative products, services, and educational opportunities.

*You are the reason we exist.*
