

PORTFOLIO™

Perennial Ryegrass

Gray Leaf Spot Resistant

Lower Input Requirements

Dark Green Color

Portfolio perennial ryegrass is the perfect dark green turfgrass to paint your landscapes, providing superb traffic tolerance and year-round density.

Portfolio is our newest and highest-class perennial ryegrass expressing improved disease, traffic, and stress tolerances.

This fine-textured perennial ryegrass is quick to germinate and produce a dense groundcover.

Key features

- Genetic Color of 6.8 (NTEP out of 9)
- Good Traffic Tolerance
- Overall Turf Quality Top Group (2016 NTEP Final Report)
- High Turf Quality in Low Input Scenarios

**IMPROVED
DISEASE
RESISTANCE**

Technical Information

Applications

Portfolio offers excellent quality on your golf course, sports field, park, or home lawn. Portfolio adapts to any maintenance regimen whether that is high- or low-input. Portfolio germinates vigorously to produce a dense stand that lasts. This impressive density also leads to better traffic tolerance, so you can use the grass to its full capacity. When winter arrives, Portfolio can withstand winter kill stressors; and as it transitions into spring, Portfolio will be one of the first grasses to green-up.

Maintenance

Seeding Rate:	8-10lbs./M*
Mowing (Recommendation):	1.5-2.5"
Mowing (Down to):	0.5"

*M=1,000 square feet
