Unlocking gender-smart capital at scale.

2023 Membership Prospectus
Every day, there are reports around gender equality, diversity and inclusion investments. The one thing that’s not moving as quickly as we would all like, is capital shifting into the area in spite of a clear rationale and commercial opportunity. A supportive, strategic and expert community like 2X provides a critical mass to help advance this work, helping us to change both minds and markets.

— Jennifer Buckley, Founder and Managing Director, Sweef Capital
