1. Purpose

To describe the behaviour expected of students who are studying at Mary Andrews College.

2. Scope

This policy applies to all students enrolled – both credit and auditing students – both on campus and online.

3. Biblical Framework

As a Christian college, we consider the Bible the word of God which we take seriously in all areas of our lives including our interactions with staff and students at college. Response to our faith is not just the first commandment – loving the Lord your God with all your heart, mind and soul – but also the second commandment – loving your neighbour as yourself (Matt 22:38). This should be at the core of all our interactions with one another at college.
