Full Company
I would like to take this opportunity to welcome you all to the Light Opera of Portland, and our new production of Gilbert and Sullivan’s H.M.S. Pinafore! We are overjoyed to be back to producing the operas that we love after a difficult two years. In March 2020 we were two weeks away from opening our Spring production when the COVID 19 pandemic shut down our whole world. After COVID foiled our attempts to mount productions in 2021, we are so glad to be back on the boards in 2022.

I would like to thank the Chapel Theatre for opening their doors to us! This is a new venue for LOoP, and we are very excited to be able to bring our production to a new area of Portland. If this is your first time coming to a LOoP show, welcome! We hope that we will keep seeing you for many more productions in the future.

This production would not have been possible without the help and support of so many behind the scenes, but I would particularly like to thank our Producer and President of our board, Sara Rivara, without whom this production would not have got off the ground. Thanks also to Beth Kahlen for finding rehearsal venues for us, Lucy Tait for excellent costume work, and to all our board members for making sure our company was able to survive the pandemic years.

H.M.S. Pinafore is one of the earlier collaborations between Gilbert and Sullivan, and is arguably the first to make them a powerhouse duo of the late 19th century stage, and a household name. After being brought together by theatre manager Richard D’Oyly Carte to create Trial By Jury, a one act opera to be presented before a production of Offenbach’s La Perichole that became a surprise hit, the pair were reunited in 1877 and created The Sorcerer. This full length comic opera satirized several operatic tropes of magic and romance gone awry, but also included a plot line where characters from opposite ends of the social spectrum were compelled to fall in love with each other. Gilbert returned to this idea when he wrote H.M.S. Pinafore in 1878, building upon the commentary on the class system as multiple characters within the opera are in love with a character that society would consider inappropriate.

Gilbert also included a dose of political satire in the character of Sir Joseph Porter, the head of the British Navy who has never been to sea. At the time, the post of First Lord of the Admiralty was filled by W.H. Smith, a political appointee with no military experience. Smith had made his fortune establishing and running a chain of shops that sold books, newspapers, and stationary. Going in to politics in 1868, Smith was appointed to head the Royal Navy by Prime Minister Benjamin Disraeli in 1877, a year before Gilbert started work on Pinafore. While Gilbert would deny that he based the character on Smith, Disraeli himself would refer to him as “Pinafore Smith” for years afterwards.

To conclude, I would like to offer special thanks to our founding Artistic Director, Dennis Britten, for founding this company ten years ago. It has been my pleasure to be a part of it through all that time, and I look forward to leading the company into a bright and successful future, filled with our trademark Absurdity Done In Complete Sincerity!

Laurence Cox,
Artistic Director
