March 31-April 2

to benefit Camp Boggy Creek

Camp is a state-of-the-art, fully equipped, and staffed medical Camp for children in Florida with chronic and life-threatening illnesses. Since its opening in 1996, over 90,000 children and family members have been through the gates. Children enjoy fun with archery, boating, fishing, arts & crafts, horse, and more. Camp Boggy Creek is about allowing families respite while meeting other families how to understand the daily life of illnesses like cancer, heart disease, and more.
