## Dear Friends and Neighbors

Sullivan 180 and the Rural Health Network are pleased to bring you the second edition of the Community Resource Guide. This printed version has been updated for your convenience and use. You can also access the electronic version of this guide by scanning the QR Code below. The electronic version is updated regularly.

### Why a Community Resource Guide?

In the Community Health Needs Assessment, Sullivan County residents stated “lack of knowledge of existing resources” as their #1 barrier to improving their own health. We hope that this is a tool for you to connect with resources and empowers you to help yourself, your family and friends whenever help is needed. Sullivan County has struggled at 61 of 62 in the Robert Wood Johnson health rankings for many years. However, we are confident that by working together, with our partners, volunteers, and YOU, we can ensure that every resident has access to the resources they need to turn around the health of our county one degree at a time.

If you know of a place or a group of people who could benefit from having easy access to this guide, don't be afraid to ask us for additional copies or scan the QR code on the cover to quickly share. If you represent an organization or agency that isn't listed, please reach out to us so we can ensure every resident in our county knows about the tremendous resources we have right here.

Thank-you in advance for using and sharing the Community Resource Guide.

Your Partners at Sullivan 180, Public Health and the Rural Health Network

## Estimados amigos y vecinos

Sullivan 180 y el Rural Health Network se complacen en presentarles la segunda edición de la Guía de Recursos Comunitarios. Esta versión impresa ha sido actualizada para su conveniencia y uso. También puede acceder a la versión electrónica de esta guía escaneando el código QR que aparece a continuación. La versión electrónica se actualiza periódicamente.

### ¿Por qué una Guía de Recursos Comunitarios?

En la Evaluación de las necesidades de salud de la comunidad, los residentes del condado de Sullivan indicaron la “falta de conocimiento de los recursos existentes” como su barrera n° 1 para mejorar su propia salud. Esperamos que ésta sea una ayuda que le permita conectar con los recursos y le capacite para que pueda ayudarse a sí mismo, a su familia y a sus amigos siempre que necesite ayuda.

El condado de Sullivan ha luchado en el puesto 61 de 62 en el ranking de salud Robert Wood Johnson durante muchos años. Sin embargo, estamos seguros de que trabajando juntos, con nuestros socios, voluntarios y USTED, podemos garantizar que cada residente tenga acceso a los recursos que necesita para dar un giro a la salud de nuestro condado grado a grado.

Si conoce un lugar o un grupo de personas que podrían beneficiarse de tener fácil acceso a esta guía, no dude en pedirnos copias adicionales o escanear el código QR de la portada para compartirlo rápidamente. Si representa a una organización o agencia que no aparece en la lista, póngase en contacto con nosotros para que podamos asegurarnos de que todos los residentes de nuestro condado conozcan los enormes recursos que tenemos aquí mismo.

Gracias de antemano por utilizar y compartir la Guía de recursos comunitarios.
