**Sponsorship Opportunities**

September 30, 2023 | 9:30 a.m. - 2 p.m. | St. Thomas Episcopal Church

Georgia Interfaith Power and Light (GIPL) is a faith-based organization with a mission to engage communities of faith across Georgia in the stewardship of Creation as an expression of faithfulness and as a religious response to global climate change, resource depletion, environmental injustice, and pollution.

The Columbus Green Team Summit is a regional opportunity for Green Teams, faith leaders, and environmental activists from across the state to gather for a time of fellowship and shared learning. This Summit will be held on September 30, 2023, from 9:30 a.m. - 2 p.m. at St. Thomas Episcopal Church in Columbus, GA. Participants will attend workshops that equip congregations to build their Green Teams, engage in local advocacy and conservation efforts, and mobilize around local and federal climate issues. Participants will also share a meal and hear from a keynote speaker who will inspire a renewed love for Creation and neighbor and build an understanding of the importance of voices of faith and conscience within this work. We anticipate around 50 participants at the Summit.

Your support will go directly toward making this event a success. More details about the 2023 Columbus Green Team Summit are available at [gipl.org/events/gtsc23](http://gipl.org/events/gtsc23).
