All Candidates Meeting:

The All Candidates Meeting was scheduled for Monday February 13th, 2023 in Room SL-232, Student Centre for 5-6 pm. It was attended by VP External Thai Higashihara, Deputy Returning Officers Rachel Karwal and Pravina Princely, as well as the candidates running. We went through all of the codes of conduct, expectations, as well as the Elections Procedure Code. All candidates signed an attendance sheet, verified their understanding and voiced all of their comments, questions and concerns. There were no proxies.

Hiring Procedure

Interviews for the DRO position took place during the week of February 6th, 2023 and a DRO was hired and trained by Monday February 13, 2023.

The position of poll clerk was also advertised on the SCSU website. The DRO conducted interviews through surveys with all applicants. Successful applicants were scheduled for training sessions that were held on Monday March 6th, 2023 at 2-3 pm in room SL 219, and conducted by the CRO, DRO.

Ballot Printing and Ballot Preparations

All ballots were designed and printed in house at the SCSU office. Order of names on all ballots were sorted alphabetically. Poll Clerks and SCSU staff members assisted with the preparations of ballots. All ballots were numbered.

Voting Period

A total of three (3) polling stations were available to members: the BV atrium, IC atrium, and SL. Voting days were March 7-9th from 10am-6pm.

Polling Stations

BV Tim Hortons, Student Centre, Instructional Centre Atrium

Poll clerks were instructed to meet at their respected polling stations 10 minutes before their shift. The CRO and DRO set up polling stations 30 minutes before voting started and supervised the polling stations until clerks arrived. The DRO and CRO went to each polling station afterwards to seal each ballot box. Each seal was initialed by the CRO and DRO. No scrutineers were present.

Ballots for the elections were deposited into ballot boxes, and were later separated during the ballot count. At the end of each voting day, ballot boxes were stored with UTSC campus police, and were transported by the CRO, DRO & Poll Clerks to the campus police office. All ballot boxes were held at this location until the end of the voting period. At the close of voting, ballot boxes were transported by the CRO to the location for the ballot count, room SL232 on Friday March 9th, 2023 at 10 am.
**Campaign Period and Elections Violations:**

Campaign period lasted from Tuesday February 14th 2023 to Thursday March 8th, 2023. All campaign materials were approved by the CRO.

Campaigning violations only included the following:

1. Incorrect tape used on posters
2. Campaigning within the 10 meter no-campaigning marking zone during voting days
3. Posters up within the 10 meter no-campaigning marking zone during voting days

**Elections/Voting Day Issues and Concerns.**

The elections process went smoothly as there was only one slate running and most positions were acclaimed or a yes/no vote. The only downside was the lack of votes due to poor advertisement for the elections and the lack of in-person campaigning by the candidates. Few candidates chose not to showcase their running/candidacy with posters. Even after they emailed me photos showcasing their posters/seeking approval of material, campaigning was limited.

_____________
**CRO RECOMMENDATIONS AND CONCERNS:**

Overall: The General Elections went smoothly and without a hitch- the candidates asked questions, the voting process was seamless and the poll clerks and DRO were very professional, amazing and wonderful at their jobs! The process was good and the election process went perfectly.

1. Advertisements for the elections were limited and weak. As a result, voting turn-out was low. There needs to be more announcements before and during the voting period.

2. Only other complaint is that the polling clerks failed at following instructions despite multiple training and warnings. As a result, a lot of ballots were deemed as spoiled due to polling clerks’ negligence in signing the back of the ballots. Recommendation is for the CRO and DROs to monitor or supervise the first hour of voting to ensure the polling clerks are following instructions.

3. Besides this, all staff were very helpful and stepped in when help was needed especially with ballot preparations and supervising ballot counting.

4. The CRO believes that all duties pertaining to SCSU’s General Elections 2023 were conducted professionally, impartially, and securely.

The CRO respectfully asks the SCSU Board of Directors to accept this report as presented.

Congratulations to the incoming Executive members and Board of Directors, and Good Luck Next Year!
