

# LIFE LAB PVUSD PARTNERSHIP PROGRAM

## Fall & Spring Next Generation Science in the Garden (M-Th)

Serving TK-3rd grade classes with opportunities for upper grades when schedule allows.

*Goals:* Scientific literacy, academic language, enthusiasm for learning, science identity

Students also participate in:

- \*Monthly Harvest of the Month tastings in the Garden
- \*Garden Caretaking

## Winter Kids Cook Program (M-Th)

Serving upper grades with weekly nutrition classes.

*Goals:* Exploring nutritious foods, empowerment, willingness to try new fruits and vegetables

## Year-Long Expanded Learning (M-F)

Serving all grades for after school and summer school programming.

*Goals:* Community-building, garden caretaking and school stewardship, hands-on nutrition education, social-emotional learning

**Life Lab Garden Classrooms are living spaces for the school community to use during non-scheduled class times.**
