

Introducing.. Our Club Reward Scheme!

At the UK Pickleball Shop, we're passionate about helping clubs, as well as getting the new generation into Pickleball. As part of our initiative to do this, we're delighted to introduce our Club Reward Scheme!

What is the scheme?

The scheme is designed to give discounts, as well as rewards, to clubs around the country as they grow. Clubs will be given a code to share with members, with which they will receive 5% off their orders. However, clubs will also then generate points that can be used to redeem new equipment, whether it be paddles, balls or nets. We will also be running special offer promotions, for example double points weeks!

How will it work?

- Choose a club representative
- We will send them a code to share with club members
- Start buying online at pickleball.co.uk using the code!
- For every £1 spend, you'll receive a loyalty point! This can be tracked via a monthly newsletter, or through contacting us.
- These points get you amazing rewards! Such as balls, nets, and paddles. Find some examples listed below:

250 points - 12x JUGS balls

500 points - 2x Club Paddles

1500 points - Club Net

2500 points - PickleNet (exclusive to UK Pickleball Shop)
