(10X10in)

25X25cm  
(10X10in)

## **How to order...**

- A.** Select up to 100 images in your gallery (this starts the process of narrowing down your album selection).
  
- B.** Choose your cover option, how many spreads you would like and the cover customisation options from this guide - up to 10 spreads (20 pages are included in the basic album cost, and additional spreads can be purchased if you'd like a larger album).
  
- C.** I will develop a design draft for you and share this for your feedback/approval. We can meet on Zoom/FaceTime to discuss this and any other questions you have.

**THAT'S IT!**

Once you've reviewed and approved your design, made your album choices and included any extras, I will send this to production and sent directly to you.

A romantic wedding scene featuring a bride and groom walking away from the camera through a field of tall, golden grasses and white flowers. The bride is wearing a white lace dress with a long veil and holding a bouquet. The groom is wearing a dark suit with a plaid shawl. In the background, there is a calm lake, a small white church, and rolling hills under a soft, golden light.

# Selfoss Velvet

Inspired by the moss covered lava of Iceland.

Soft, luxurious, slightly shiny fabric  
that makes the album impossible to put down.

# Dolomiti Suede

Born from the love of adventure.

Kind of like a faux suede, but better.  
Soft, smooth, delicate and amazing to touch.

# Canary Leather

Inspired by blues and browns of Canary Islands.

80% natural leather in timeless, 'vintage' and exclusive form.  
Incredible to touch, with slightly aged look and grain effect.

# Cali Natural

Inspired by Californian dream.

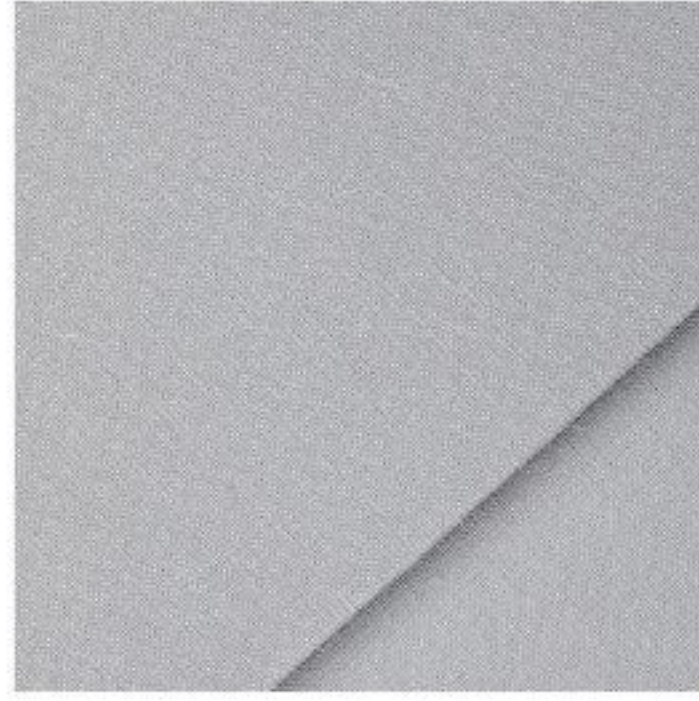

Natural, carefully selected, high quality durable linen. As one of the world's oldest textiles, you can call it a classic.

## Your design

We're able to laser engrave most of designs, all we need is a high resolution file. If you'd like to gold emboss your own design please contact us and we can make it happen.
