

The background image shows the interior of a restaurant named 'Fancy Hank's'. The space is filled with people dining at tables. Large windows on the right side offer a view of a city at night, with lights from buildings and trees visible. The restaurant has a warm, rustic feel with wooden tables and chairs. Several large, round, white pendant lights hang from the ceiling, providing soft illumination. The walls are decorated with framed pictures and artwork. The overall atmosphere is cozy and social.

FANCY HANK'S BBQ

Located in the beating heart of Melbourne CBD, on the Paris-end of Bourke Street, you'll find Fancy Hank's. A unique venue celebrating contemporary American barbecue since 2012.

We offer a distinct event experience for you and your guests. Marvel at our two-and-a-half-tonne offset smoker named Puffing Billie in the entrance of the dining room and enjoy brisket, chicken, sausages, beef ribs and pork - extracted from its belly after cooking for 16 hours.

Of course, vegetarian and vegan options are also available.

Groups of 30 to 40 can enjoy our main dining room, or smaller groups of 20 can look out across Bourke Street in our window alcove.

If you're booking for a larger group, take a look at our sister venue Good Heavens, located on our rooftop, which offers sprawling views of Melbourne CBD. Similarly, if you're after a more casual space, check out our neighbouring venue Springrock Public Bar.

Please note, due to the age of the building, our venue is only accessible via stairs. We apologise in advance for any inconvenience.
