JULY SUBCONSCIOUS PODCAST CHALLENGE WEEK THREE

@\_REBECCAHAYDON\_

Time after time I see entrepreneurs looking at others for answers on how they should run their business but here's the problem, you end up trying to fit into a box that isn't you.

That person you're looking up to might be very different from you, her strengths are different and her challenges are different, and what works well for her might not feel as easy to see through for you.

If you're constantly second-guessing yourself and searching for the "perfect" strategy for others, you'll never be able to fully commit to anything. Instead, focus on developing a strategy that feels true to who YOU are and how YOU want to run your business.

#### So where do you start?

The key to achieving this is understanding how your unique qualities as a human show up in the way you operate as the CEO of your business, so that you can build your strategy around it!

Oftentimes we are so busy searching that we forget to look within and explore our own strengths and challenges but doing so is the secret to unlocking your highest potential.

Looking within can be hard sometimes but self awareness is so powerful as a CEO, and you're about to get a fuck ton of clarity in yourself.

#### So your WEEK THREE challenge is all focused on:

#### **♦** STEPPING INTO YOUR NEW BUSINESS OWNER IDENTITY →

This week's challenge is all about stepping into your new business owner identity. We'll explore how to embrace this new role by examining your identity, beliefs, capabilities, environment, and behavior.
