

**ONE
YEAR AGO
DC WELCOMED
THE FIRST BUS
FROM TEXAS**

4/13/23 TEXAS SOLIDARITY REPORT

Since Apr 13th 2022, 216 buses have reached DC, carrying over 7,300 people, including infants and children. Hundreds of more have come by other methods of transport.

For the past year, the community has welcomed folks, helped organize & provide housing & transport to people's final destination, and provided medical and other support.

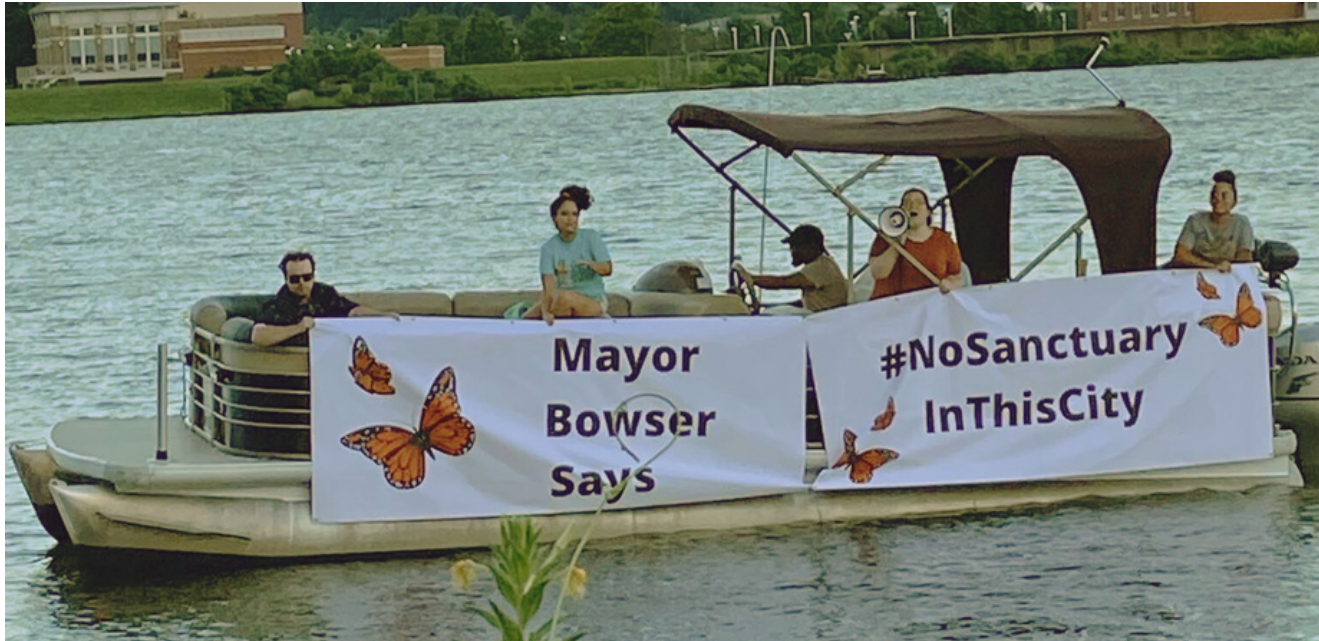

We also continue to support the 1000+ people living in hotel shelters in the District and many more who have settled across the DMV

The DMV community has contributed hundreds of thousands in donations and more supplies. This has helped us provide rapid response and long-term resettlement support to our new neighbors.

WE'VE DONE A LOT IN THE PAST YEAR

We attended Mayor Bowser's birthday party!

Migrants and advocates testified against discriminatory legislation introduced in the DC Council and killed the permanent bill!

We celebrated Halloween with our new neighbors!

We started hosting monthly asylum clinics!

We were given DC Jobs with Justice's "I'll be there" award!

We celebrated Christmas with our new neighbors with a party! (and later with some surprise buses)
